November 2, 2010

To the Board of Commissioners of the  
Memphis-Shelby County Airport Authority

The Comprehensive Annual Financial Report (“CAFR”) of the Memphis-Shelby County Airport Authority (the “Authority”) for the fiscal year ended June 30, 2010, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Finance Division of the Authority. To the best of our knowledge and belief, and as indicated by the opinion of our independent auditors, the enclosed data of the Authority is accurate in all material respects and reported in a manner designed to present fairly the financial position, results of operations, and cash flows in accordance with U.S. generally accepted accounting principles (“GAAP”). All disclosures necessary to enable the reader to gain an understanding of the Authority’s financial activities have been included.

In developing and evaluating the Authority’s accounting system, consideration is given to the adequacy of internal controls. The objectives of internal control are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management’s authorization and recorded properly to permit the preparation of financial statements in accordance with GAAP. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the evaluation of costs and benefits requires estimates and judgments by management. We believe that the Authority’s internal control processes adequately safeguard assets and provide reasonable assurance that financial transactions are recorded properly.

The CAFR is presented in four sections: Introductory, Financial, Statistical and Compliance. Just prior to the Introductory Section is a list of principal officials and the table of contents. The Introductory Section includes this transmittal letter, the Authority’s organizational chart and a copy of the Certificate of Achievement for Excellence in Financial Reporting awarded to the Authority by the Government Finance Officers Association of the United States and Canada for the fiscal year ended June 30, 2009. The Financial Section includes the independent auditors’ report, Management’s Discussion and Analysis (“MD&A”) of the financial condition of the Authority, the Authority’s financial statements, and supplemental schedules. The Statistical Section includes select financial and demographic information, generally presented on a multi-year basis.

Management is required by GAAP to provide a narrative introductory overview and analysis as an accompaniment to the financial statements in the form of the MD&A. This letter of transmittal should be read in conjunction with the MD&A, which is discussed in the preceding paragraph and can be found in the Financial Section of this report.

Pursuant to Article VII E. of the Agreement between the City of Memphis (“City”) and the Authority dated May 26, 1970, an audit of the financial statements has been completed by the Authority’s independent certified public accountants, Dixon Hughes, PLLC. The goal of the independent audit is to provide reasonable assurance that the financial statements of the Authority for the fiscal year ended June 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Authority’s financial statements for the fiscal year ended June 30, 2010, are fairly presented in conformity with GAAP. The independent auditors’ report is presented as the first component of the Financial Section of this report.

The Single Audit Act of 1984 and U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, require the Authority to arrange for an annual audit in conformity with their provisions. Information related to a single audit, including the Schedule of Expenditures of Federal and State Awards, findings and recommendations, are reported in the compliance section. The independent auditors’ reports on the internal control structure and compliance with applicable laws and regulations are also included in the compliance section of this report.

## **PROFILE OF THE MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY**

The Authority is established pursuant to the Metropolitan Airport Authority Act of Tennessee and all amendments thereto. The major purposes of the Authority are to plan, establish, acquire, construct, improve and operate one or more airports within the City and Shelby County (the “County”). The Authority has the power to issue bonds to accomplish any of the purposes authorized by the Metropolitan Airport Authority Act of Tennessee. All bonds shall be payable solely from the revenues, income and charges of the Authority and such bonds shall not constitute an obligation of the City or County.

The Mayor of the City, with the Mayor of Shelby County nominating two, appoints all members of the seven-member Board of Commissioners to govern the Authority. The Memphis City Council confirms these appointments for a seven-year term. A member of the Board may be removed from office by a two-thirds vote of the Memphis City Council, but only after notice of cause for the removal has been served and the member has been granted an opportunity for a public hearing on the matter.

The Board appoints the President, who is the chief executive officer of the Authority. The President appoints, and the Board confirms, the remaining officers. These officers manage and operate the Authority’s airports with a staff of approximately 300 employees, both permanent and temporary.

Based on the financial accountability the City has over the Authority, the Authority is considered a component unit of the City under the criteria set forth by the Governmental Accounting Standards Board (“GASB”).

The Authority prepares an annual budget on the basis established by the 1973 General Revenue Bond Resolution dated June 15, 1973, as amended and restated, for all accounts and funds established by those agreements and resolutions, except construction and debt service funds. The annual budget serves as the foundation for the Authority’s financial planning and control. All appropriations, except open project account appropriations,

lapse at the end of each fiscal year and must be reappropriated. Since there is no legal requirement to report on the budgetary basis, no budget information is presented in the accompanying financial statements.

The Authority owns Memphis International (the “Airport”), Charles W. Baker, and General DeWitt Spain Airports. Charles W. Baker Airport (“Baker”) is located south of Millington, Tennessee and General DeWitt Spain Airport (“Spain”) is located just north of downtown Memphis. Both Baker and Spain Airports serve general aviation and are considered reliever airports for the Airport.

The Airport occupies about 4,600 acres of land in Shelby County and is 13 miles by road southeast of downtown Memphis. The Airport is 99.9% unaffected by impassable weather and handles all types of aircraft. The Airport has four runways equipped with precision instrument landing systems suitable for use by large aircraft and a surface movement guidance system allowing the Airport to operate down to a 300 foot runway visual range. The terminal building has 79 gates to accommodate passenger aircraft and includes a Federal Inspection Station (“FIS”) for clearing international flights and associated passengers.

## **FACTORS AFFECTING FINANCIAL CONDITION**

### **Economic Conditions and Outlook**

In 2007 the Airport continued to be the single largest economic engine in Memphis, as determined by an economic impact study conducted by the Sparks Bureau of Business and Economic Research at the University of Memphis, dated April 2009. The combined direct expenditures of its FY 2007 cargo and passenger operations and construction projects and expenditures at the Airport totaled nearly \$13.5 billion. This resulted in total output in the Memphis Metropolitan Statistical Area (“MMSA”) of over \$28.6 billion, earnings of nearly \$8.0 billion and the generation of nearly 220,000 jobs. In 2007, the Airport’s impact on total MMSA employment was 1 in 3 jobs, with the largest share of that impact coming from air cargo operations. It was also estimated that approximately 21% of the 2007 enplaned passengers were visitors to the Memphis area.

Four major and fifteen regional scheduled passenger airlines currently serve Memphis International Airport. Delta Air Lines, the largest passenger airline serving Memphis, has been using the Airport as a major transfer hub since 1985 (Northwest Airlines prior to the October 29, 2008 merger with Delta Air Lines). The combination of Delta Airlines and their affiliates comprise 86.9 percent of total enplanements at the airports in FY 2010.

All-cargo air carriers continue to have a significant impact at the Airport, making the Airport one of only a few dual-purpose hub airports in the country. The Airport handled a total of 4.2 million U.S. tons of cargo in 2010. Since 1991, the Airport has continually maintained its #1 ranking in the world for total air cargo handled, according to statistics reported by Airports Council International, Geneva, Switzerland. Nearly 95 percent of the cargo was reported as domestic. FedEx Corporation (“FedEx”), the world’s largest express transportation company, is headquartered in Memphis and operates its primary overnight package sorting facility at the Airport. FedEx continues to dominate the cargo business at the Airport, transporting approximately 98.7 percent of all cargo handled at the Airport in fiscal year 2010. This activity keeps the Airport active twenty-four hours a day.

## **Population and Employment**

The Memphis Metropolitan Statistical Area (“MMSA”) encompasses a 3,000-square-mile area comprised of Shelby, Fayette and Tipton Counties in Tennessee, Desoto County in Mississippi and Crittenden County in Arkansas. Transportation and distribution services, tourism, technology, healthcare, trade and construction help make the MMSA a richly diverse economic engine.

The MMSA population is estimated to be approximately 1,286,151 at July 1, 2009, which is up 1.3 percent from 2000. Additionally, the population for the MMSA is expected to increase to 1,301,835 by 2014. Shelby County’s estimated population for 2009 is 902,495, which was .5 percent higher than the 897,500 for 2000. More population information can be found in the Statistical Section.

The Airport is the principal air carrier airport serving the MMSA with approximately 80 percent of the passengers originating their air journeys living in the MMSA.

The Airport and the Port of Memphis, as well as the seven federal highways, 15 state highways and two U. S. interstate systems (with a third one under construction) that cross the City, along with its central location in the United States, all contribute to Memphis’ position as America’s Distribution Center. Accordingly, transportation plays a major role in the economy of the MMSA. More metropolitan markets can be served overnight (within 600 miles) from Memphis than any other city in the central United States. Memphis offers multiple inter-modal transportation options such as air to truck or truck to air, water to truck or rail, or rail to truck. Memphis boasts the fourth busiest inland river port with enhanced inter-modal capabilities.

Visitors are also attracted to Memphis for sporting events such as the Grizzlies, a National Basketball Association team, the Redbirds, a AAA team affiliated with Major League Baseball’s 2006 World Champion St. Louis Cardinals, the Autozone Liberty Bowl Football Classic and the St. Jude Golf Classic, to name a few. Gaming has developed as a major contributor to the economy of the MMSA. Tunica County, Mississippi, just 30 miles from downtown Memphis, is recognized as the third largest grossing gaming center in the country. Memphis also attracts worldwide visitors to Graceland, home of Elvis Presley, St. Jude Children’s Research Center, Stax Museum of American Soul Music and the National Civil Rights Museum.

## **LONG TERM FINANCIAL PLANNING**

### **Master Plan/Strategic Plan**

One of the tools the Authority uses for long term planning is the Master Plan, which is updated every 7 to 10 years. The Authority has issued a Master Plan update in January 2010. This document is prepared with the input of staff, the signatory airlines and other key tenants of the Airport. The master plan specifies the physical improvements that are needed to meet projections of future demand. It consists of a technical report that specifies the logic and reasoning for proposed capital improvements as well as large scale drawings that illustrate the physical layout of the improvements. The financial implications of a master plan are very important because it serves as the basis for requesting federal funds for the construction of capital improvements proposed in the plan. The Authority’s most recent update of the Master Plan provides a flexible and cost-effective guide for the future development of Memphis International Airport through the year 2020. Capital improvements

recommended by the plan are demand-driven. This means that although there are a large number of projects proposed by the plan, only those that are needed as a result of actual increase in demand will be constructed.

The Authority is also in the process of developing a comprehensive Strategic Plan, which will identify and inventory strengths and weaknesses and guide the Authority's operating, capital and financial planning for the next 5-7 years.

### **Multi-Year Financial Plan**

The Authority also prepares Multi-Year Financial Plans, which are updated annually. This plan contains the first year of the proposed annual Operating Budget and the Capital Improvements Budget and the remaining two years reflecting fiscal projections developed through a combination of historical trends, contractual and other known commitments, anticipated changes to future revenues and expenditures and other reasonable assumptions. The Capital Improvements Budget contains not only the current fiscal year, but also the ensuing five fiscal years.

## **RELEVANT FINANCIAL POLICIES**

### **Cash and Investment Management**

The Authority uses a portfolio manager to help direct the investment of the Authority's funds and to provide comparative investment market information. Allowable investments are limited to those authorized by the 1988 Bond Resolution. All investments were made in compliance with their applicable resolution or bond indenture.

The Authority invests temporarily idle cash in direct obligations of or obligations guaranteed by the United States Government, obligations of specific agencies of the United States Government, New Housing Authority Bonds or Project Notes issued by public agencies or municipalities and guaranteed by the United States Government, secured negotiable certificates of deposit and secured repurchase agreements. Investments are insured, registered or held by a trustee in the Authority's name.

The Authority's primary objective under this policy is to preserve the principal of those funds within the portfolio. The portfolio is managed in such a manner that assures that funds are available as needed to meet immediate and/or future operating requirements and that it is managed to maximize the return of investments. The carrying value of all investments approximates their fair value.

### **Risk Management**

It is the policy of the Authority to eliminate or transfer risk where possible. The Authority currently maintains approximately \$1.3 billion of total insurance coverage. For claims arising out of bodily injury or property damage at the Airport, the Authority carries approximately \$524 million of liability insurance. The Authority also has approximately \$800 million of property insurance on airport properties, which includes earthquake coverage. The Authority or its tenants, within limits and with deductibles approved by the Authority, maintain fire insurance coverage on all buildings at the airports. Contractors and lessees are required to carry certain amounts of insurance. A schedule of insurance in force at June 30, 2010, can be found in the Statistical Section of this report.

In addition to the coverage discussed above, the Authority maintains an Owner Controlled Insurance Program (“OCIP”). OCIP is a method of assuring that all contractors and subcontractors of any tier performing work at a construction project jobsite are provided insurance for Tennessee Workers’ Compensation, Employers Liability and Commercial General Liability, including Completed Operations and Excess Liability. The Authority pays for the full cost of the OCIP and charges those costs back to the projects covered.

The Authority has also implemented various risk control techniques including employee safety and accident training. The Authority’s general counsel reviews all contracts and leases.

### **Debt Management**

As part of its strategic and long term financial planning, the Authority strives to ensure that financial resources are adequate to meet long-term planning objectives. In managing its debt, the Authority strives to achieve the lowest cost of capital, ensure high credit quality, assure access to the capital credit markets, preserve financial flexibility, and manage interest rate risk exposure. See Note 6 in the Financial Section for Long Term Debt information.

### **Pension and other Post-employment Benefits**

The Authority participates in the contributory defined benefit pension plans of the City of Memphis Retirement System. A Board of Administration administers the plans under the direction of the City’s Mayor. Substantially all full-time salaried employees are required to participate in one of the two plans. Hourly employees are eligible for coverage under a supplemental retirement plan based on their wages under the Federal Insurance Contribution Act (“Social Security”). The plans provide retirement benefits as well as death and disability benefits. The Authority is required to contribute at an actuarially determined rate. See Note 9 in the Financial Section for more information.

The Authority also provides a supplemental retirement benefit to all Authority employees that participate in the City of Memphis Retirement System. It is a defined contribution plan under which the Authority makes contributions on a discretionary basis. See Note 10 In the Financial Section for more information.

In addition to the pension benefits, the Authority provides 80% of the cost of certain health care and life insurance coverage to active employees and those who retire from the Authority under the provisions of the City’s Retirement System. See Note 12 in the Financial Section for more information.

## **MAJOR INITIATIVES**

**Ground Transportation Center (GTC).** This project consists generally of the construction of a new 7-level, 5,743 space parking garage and support facilities including a parking office within the new garage and two toll plazas, rental car (RAC) facilities inside the new garage and a quick turnaround (QTA) surface lot and renovations and rehabilitation of the existing garage. Levels 1 and 2 of the new garage will be for RAC operations including 1,220 ready / return spaces, and levels 3 through 7 will provide approximately 4,500 spaces for long-term parking. The Authority estimates the GTC will be placed in service March 2012. As part of the new Parking Garage, certain public access improvements will be constructed including a moving walkway from the new

garage through the center of the existing garage at basement level to the terminal; reconfiguration of ramps and equipment in the existing garage to make room for the moving walkway; and improvements to existing pedestrian tunnels from the existing garage into the terminal. The estimated project cost is \$121.3 million.

**Terminal B Checkpoint Expansion.** This project will expand and reconfigure the existing Security Checkpoint “B” to accommodate enhanced security scanning equipment to be provided by TSA. To acquire the additional space needed the project will also include the expansion of the A-B Connector, relocation of existing retail and food service vendors, reconfiguration of existing Authority office space, and new passenger access to the baggage claim level. This project is scheduled to be complete by August 2011. The estimated project cost is \$10.4 million.

**Reconstruct Runway 9-27 and Associated Runways.** This project reconstructed the oldest runway on the airfield. The cost for this project was \$60M and was completed in November 2009. The associated taxiways are scheduled for completion by November 2011.

## AWARDS AND ACKNOWLEDGMENTS

### Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (“GFOA”) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Authority for its comprehensive annual financial report (“CAFR”) for the fiscal year ended June 30, 2009. The Authority has received a Certificate of Achievement for twenty-one consecutive fiscal years from 1989-2009. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparations of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, the contents of which conform to program standards. The CAFR must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program’s requirements, and we are submitting it to GFOA for consideration.

## Acknowledgements

The preparation of the financial statements would not have been possible without the efficient and dedicated services of the entire staff of the Finance Division. We would like to express our appreciation to all members of the Finance Division for their help and contributions to its preparation.

Respectfully submitted,

Larry D. Cox, A.A.E.  
President  
Chief Executive Officer

Scott A. Brockman, A.A.E.

Independent Auditors' Report

Financial Statements

Supplemental Schedules

## Independent Auditors' Report

The Board of Commissioners and Management  
Memphis-Shelby County Airport Authority

We have audited the accompanying statements of net assets of the Memphis-Shelby County Airport Authority (the "Authority"), a component unit of the City of Memphis, Tennessee, as of June 30, 2010 and 2009, and the related statements of revenues, expenses, and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2010, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, as listed in the table of contents, is not a required part of the financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of this required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the Authority's basic financial statements taken as a whole. The accompanying supplemental schedules as listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal and state awards as listed in the table of contents is presented for the purpose of additional analysis as required by OMB Circular A-133 and the State of Tennessee and is not a required part of the basic financial statements. The supplemental schedules and the schedule of expenditures of federal and state awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section as listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

November 2, 2010

# MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

JUNE 30, 2010

The following discussion and analysis of the Memphis-Shelby County Airport Authority's (the "Authority") financial performance provides an introduction and overview of the Authority's financial activities for the fiscal years ended June 30, 2010 and 2009. Please read this discussion in conjunction with the Authority's basic financial statements and the notes to the basic financial statements immediately following this discussion.

All dollar amounts, except per unit data, are expressed in thousands.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The Authority owns and operates Memphis International Airport and two general aviation airports, Charles W. Baker and General DeWitt Spain. The Authority is presented as an enterprise fund with separate accounts for each of the three airports. The accounts of the Authority are reported using the flow of economic resources measurement focus. The financial statements are prepared on the accrual basis of accounting, under which revenues are recognized when earned and expenses are recognized when incurred. All capital assets, except land, aviation easements and construction-in-process are capitalized and depreciated over their useful lives. See Note 1 of the notes to the basic financial statements for a summary of the Authority's significant accounting policies.

The *Statements of Net Assets* presents all of the Authority's assets and liabilities. The difference between assets and liabilities is reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of the Authority's financial position. However, the consideration of other non-financial factors, such as changes within the airline industry, may be necessary in the assessment of overall financial position and health of the Authority.

The *Statements of Revenues, Expenses and Changes in Net Assets* present all revenues and expenses of the Authority, regardless of when cash is received or paid, and the ensuing change in net assets.

The *Statements of Cash Flows* report how cash and cash equivalents were provided and used by the Authority's operating, capital financing and investing activities. These statements are prepared on a cash basis and present the cash received and disbursed, the net increase or decrease in cash and cash equivalents for the year and the cash and cash equivalents balance at year-end.

In addition to the basic financial statements, this report includes a section for Statistical Information. This section presents certain unaudited information related to the Authority's historical financial and non-financial operating results, bonded debt activity, capital asset activity and other demographic information.

# MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

## FINANCIAL HIGHLIGHTS

- Operating revenues (\$108,352) for fiscal year 2010 were flat when compared to fiscal year 2009 operating revenues (\$107,952).
- Operating expenses, before depreciation and amortization of \$53,070 for fiscal year 2010 increased by 5.8 percent compared to fiscal year 2009 operating expenses.
- The Authority's total net assets at June 30, 2010 were \$616,094. This is an increase of \$32,809 (5.6 percent) over total net assets at June 30, 2009.
- Capital assets, net of accumulated depreciation decreased by \$1,424 mainly due to fiscal year 2010 capital additions, net of approximately \$53,100 offset by current year change in accumulated depreciation of \$54,500.
- The Authority's total outstanding long-term bonds and notes payable, net at June 30, 2010 increased by \$2,044 (.4 percent) compared to June 30, 2009 due to the issuance of Airport Revenue Bonds offset by scheduled debt service payments (principal and interest) made during fiscal year 2010.

## FINANCIAL ANALYSIS

At June 30, 2010, the Authority's financial position continued to be strong with total assets of \$1,245,208, total liabilities of \$629,114 and total net assets of \$616,094. A comparative combined condensed summary of the Authority's net assets at June 30, 2010, 2009 and 2008 is as follows:

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY SUMMARY OF NET ASSETS

	2010	JUNE 30, 2009	2008
<b>Assets:</b>			
Current assets	\$ 226,813	\$ 172,659	\$ 196,374
Net capital assets	923,940	925,364	921,792
Other non-current assets	94,455	117,708	111,258
<b>Total assets</b>	<b>1,245,208</b>	<b>1,215,731</b>	<b>1,229,424</b>
<b>Liabilities:</b>			
Current liabilities	54,242	59,057	75,643
Long-term liabilities	574,872	573,389	597,362
<b>Total liabilities</b>	<b>629,114</b>	<b>632,446</b>	<b>673,005</b>
<b>Net assets:</b>			
Invested in capital assets, net of debt	457,560	438,852	407,677
Restricted	135,975	123,059	128,607
Unrestricted	22,559	21,374	20,135
<b>Total net assets</b>	<b>\$ 616,094</b>	<b>\$ 583,285</b>	<b>\$ 556,419</b>

Current assets at June 30, 2010 increased by \$54,154 (31.4 percent) over current assets at June 30, 2009. This increase was primarily due to increased current unrestricted cash and cash equivalents and current restricted investments of approximately \$4,800 and \$58,700, respectively, offset by decreased capital contributions receivable of approximately \$7,600. The increase in cash and cash equivalents and current restricted investments was due to the decision to invest certain restricted assets in investments with shorter maturities; as a result, they were classified as current assets in fiscal year 2010. The decrease in capital contributions receivable resulted from the timing of when capital expenditures were incurred (revenue recognized) and thus became eligible for the related reimbursement from the grantor agency.

Capital assets, net of depreciation decreased by \$1,424 in fiscal year 2010 under 2009 due principally to ongoing capital activities of the Authority's capital improvement program. Fiscal year 2010 capital additions, net were approximately \$53,100 offset by the current year change in accumulated depreciation of \$54,500.

Non-current assets, other than capital assets, decreased by \$23,253 principally due to a decrease in investments of \$24,862 and bond issue costs, net of \$641 offset by increased special facilities rent receivable of \$2,250. The decrease in investments was mainly due to the decision to invest certain restricted assets in investments with shorter maturities; as a result, these investments were classified as current assets at fiscal year-end 2010. Bond issue costs decreased due to the annual amortization and recognition of related expenses. The increase in special facilities rent receivable was due to the rent accrual of \$2,250 at June 30, 2010.

Current liabilities decreased from \$59,057 in 2009 to \$54,242 in 2010. The decrease of \$4,815 (8.1 percent) is primarily due to decreases of \$1,523 and \$3,108 for construction accounts payable and funds held for others, respectively. These decreases are mainly due to the completion of the runway 9/27 reconstruction project and the TnANG base relocation project.

Long-term liabilities at June 30, 2010 were \$574,872, an increase of \$1,483 over fiscal year 2009 (\$573,389). The increase is mainly due to the increase of bonds and notes payable of \$2,044, the increase of settlement costs of \$645 offset by the decrease in deferred lease revenue of \$1,296. The increase in bonds and notes payable is due to the issuance of \$189,630 of Airport Revenue Bonds Series 2010 A and B offset by the payment of scheduled principal payments of approximately \$28,800 on outstanding Airport Revenue Bonds, General Obligation Bonds and notes payable, the payment to refund \$161,980 of certain Airport Revenue Bonds Series 1999 D and E and the change in bond premium and deferred amounts on refunded bonds of \$3,124 during the fiscal year. The decrease in deferred lease revenue represents the annual amount amortized to recognize rental revenue from FedEx Corporation related to the prior TnANG facility.

The largest portion of the Authority's net assets (74.3 percent of total net assets for 2010) represents the investment in capital assets (e.g., land, buildings, machinery, and equipment), less related outstanding debt used to acquire those assets. The Authority uses these assets to provide services to its passengers, visitors and tenants of the airport; accordingly, these assets are not available for future spending.

Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from operations, since the capital assets themselves are not used to liquidate these liabilities.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY**  
**SUMMARY OF NET ASSETS (CONTINUED)**

The Authority's restricted net assets (22.1 percent of total net assets for 2010) represent resources that are subject to restrictions from contributors, bond resolutions and State and Federal regulations on how they may be used. The remaining balance, unrestricted net assets, of \$22,559 in 2010 compared to \$21,374 for 2009, may be used for any lawful purpose of the Authority.

The primary sources of Authority operating revenues are from landing fees, terminal area use charges, rents and concession revenues. These revenues fund the Authority's operating expenses and debt service requirements. A comparative condensed summary of the Authority's Revenues, Expenses and Changes in Net Assets for the years ended June 30, 2010, 2009 and 2008 is as follows:

**SUMMARY OF CHANGES IN NET ASSETS**

	<b>2010</b>	<b>2009</b>	<b>2008</b>
Operating revenues	\$ 108,352	\$ 107,952	\$ 111,547
Operating expenses	(53,070)	(50,182)	(51,909)
Operating income before depreciation and amortization	55,282	57,770	59,638
Depreciation and amortization	(55,940)	(52,908)	(49,230)
Operating income (loss)	(658)	4,862	10,408
Non-operating income	8,793	16,038	18,851
Non-operating expense	(28,679)	(38,478)	(32,074)
Loss before capital contributions	(20,544)	(17,578)	(2,815)
Capital contributions	53,353	44,444	27,547
Increase in net assets	\$ 32,809	\$ 26,866	\$ 24,732

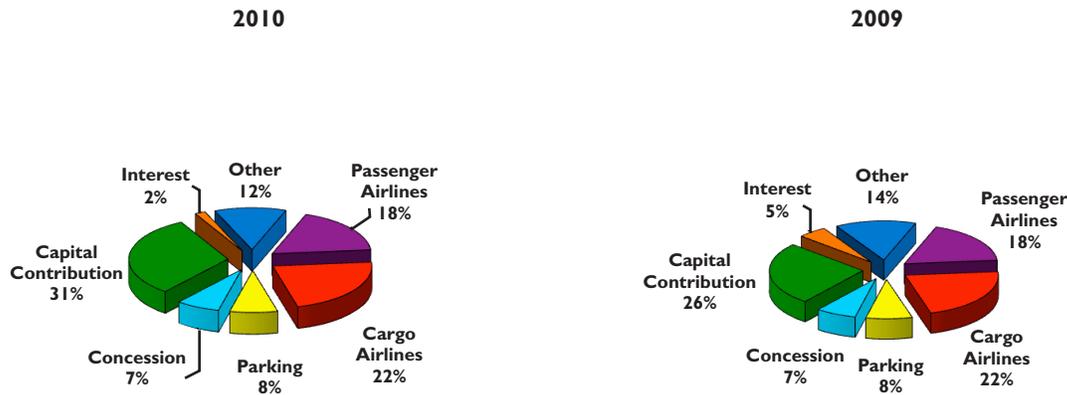

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY REVENUES

The following table presents revenue by major source for the years ended June 30, 2010, 2009 and 2008 and the pie charts show the percentage of revenues by source for the years ended June 30, 2010 and 2009. Due to the strong presence of cargo operations at Memphis International Airport (FedEx super-hub and the world's largest in total tonnage), airline revenues have been separated to reflect separate passenger and cargo categories.

### REVENUES BY MAJOR SOURCE

	2010	2009	2008
<b>Operating Revenues</b>			
<b>Passenger Airlines</b>			
Passenger landing fee	\$ 8,847	\$ 9,628	\$ 10,654
Airline terminal rentals	19,557	18,566	18,859
Airline fee payments-international charges	1,700	1,698	1,636
Other rentals	486	446	527
<b>Total Passenger Airlines</b>	<b>30,590</b>	<b>30,338</b>	<b>31,676</b>
<b>Cargo Airlines</b>			
Cargo landing fees	27,054	27,188	28,723
Ground rents	7,263	6,738	5,569
Other rentals	3,911	3,721	2,642
<b>Total Cargo Airlines</b>	<b>38,228</b>	<b>37,647</b>	<b>36,934</b>
<b>Non-Airline Rentals</b>			
Concessions-terminal	6,154	5,905	7,155

<b>Non-operating Revenues</b>			
Interest and investment income	2,900	8,251	11,977
Customer facility charges	4,559	4,758	5,938
Other	1,159	3,029	936
<b>Total Non-Operating Revenues</b>	<b>8,618</b>	<b>16,038</b>	<b>18,851</b>
<b>Capital Contributions</b>			
<b>Total Revenues</b>	<b>\$170,323</b>	<b>\$ 168,434</b>	<b>\$ 157,945</b>

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY REVENUES (CONTINUED)

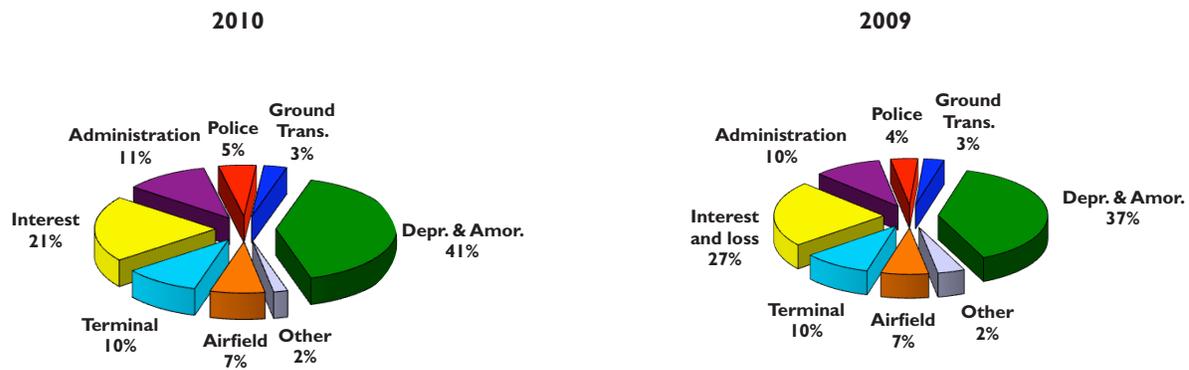

Operating revenues of \$108,352 for fiscal year 2010 increased by \$400 (.4 percent) over 2009 revenues of \$107,952. This increase in operating revenues is primarily due to increased terminal rentals (\$991), cargo rentals and fees (\$715), terminal concessions (\$249) and other non-airline revenues (\$996), offset by decreased landing fees (\$915) and special facilities lease income (\$1,500). Such activity was due to the residual Airport Use Agreement that requires airline revenues to be recognized to the extent necessary to pay the Authority's operating and maintenance expenses and net debt service requirements, reduced by non-airline revenues.

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY EXPENSES

The following table presents expenses by cost center for the years ended June 30, 2010, 2009 and 2008 and the pie charts show the percentage of expenses by cost center for the years ended June 30, 2010, 2009 and 2008.

### EXPENSES BY COST CENTER

	2010	2009	2008
<b>Operating Expenses</b>			
Airfield area	\$ 10,033	\$ 9,977	\$ 10,421
Terminal area	13,898	14,059	14,122
Ground transportation area	4,230	4,257	4,322
Administration area	15,372	13,697	14,668
Police and operations area	6,934	5,625	5,690
Other areas	2,603	2,567	2,686
Total operating expense	53,070	50,182	51,909
<b>Non-operating Expense</b>			
Interest expense	28,679	31,313	32,074
Loss on disposal of fixed assets		7,165	
Total expenses before depreciation and amortization	81,749	88,660	83,983
<b>Depreciation and Amortization</b>	55,940	52,908	49,230
<b>Total Expense</b>	<b>\$137,689</b>	<b>\$141,568</b>	<b>\$ 133,213</b>

**EXPENSES**

In 2010, the Authority's operating expenses of \$53,070 increased over 2009 operating expenses of \$50,182 by \$2,888 (5.8 percent). The increase was mainly due to increased administration and police operations area costs of \$1,675 and \$1,309, respectively, offset by decreased terminal area costs of \$161. The main increase in administration costs related to certain legal settlement costs of \$1,300. The increase in police costs was due to \$1,279 of security reimbursement costs reported as revenue in fiscal year 2010 and as an offset to expense in fiscal year 2009.

Depreciation and amortization expenses increased from \$52,908 in 2009 to \$55,940 for fiscal year 2010. This increase of \$3,032 is mainly due to greater depreciation expense related to the increase of depreciable Authority assets year over year.

Non-operating revenues for 2010 are comprised of interest income (\$2,900), customer facility charges (CFC) (\$4,559) and other revenues (\$1,334). Total non-operating revenues decreased by \$7,420 in 2010 under 2009 non-operating revenues excluding the gain (loss) on disposal of capital assets. This decrease was mainly due to lower investment earnings of approximately \$5,300 as a result of lower cash and investment balances on hand and lower investment yields, a one-time legal settlement payment of approximately \$1,900 received in 2009 and reduced CFC collections of \$199 in 2010 versus 2009 due to lower activity levels.

Non-operating expenses are comprised of interest expenses on outstanding debt. Fiscal year 2010 interest expense of \$28,679 decreased \$2,634 under fiscal year 2009 interest expense of \$31,313. This decrease in interest expense was due to the refunding of certain Series 1999 D and E Bonds at lower interest rates and scheduled payments of principal on outstanding bonds and notes; as a result, interest expense was reduced year over year.

Capital contributions, comprised primarily of Federal capital grants, increased from \$44,444 in 2009 to \$53,353 in 2010, as a result of when capital expenditures were incurred (revenue recognized) and thus became eligible for the related reimbursement from the Federal government.

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY CAPITAL ASSETS

The Authority's capital assets at June 30 2010, 2009 and 2008 are summarized as follows:

### NET CAPITAL ASSETS

	2010	2009	2008
Avigation easements	\$ 42,324	\$ 42,324	\$ 42,324
Land and improvements	162,150	162,150	161,693
Buildings	345,586	341,007	338,206
Runways, taxiways, and airfield lighting	693,600	634,269	625,201
Facilities leases to others	104,077	103,893	27,077
Roads, bridges, and fences	59,782	59,566	58,423
Equipment and utility systems	88,270	87,193	80,069
Construction in process	30,246	42,568	87,695
Total capital assets	1,526,035	1,472,970	1,420,688
Less accumulated depreciation and amortization	602,095	547,606	498,896
Net capital assets	\$ 923,940	\$ 925,364	\$ 921,792

At the end of 2010 and 2009, the Authority had \$923,940 and \$925,364, respectively, invested in net capital assets. During 2010, the Authority had additions of \$53,758 related to capital activities for runway and taxiway projects, building improvements, equipment and roads, bridges and fencing projects.

During 2010, completed projects totaling \$66,080 were transferred from construction in progress to applicable buildings and other facilities capital asset accounts. These major completed projects were related to runways, taxiways, aprons and airfield lighting (\$59,331), buildings and facilities constructed for tenants (\$5,081), roads bridges and fences (\$216) and equipment and utility systems (\$1,364).

The Authority's capital activities are funded through revenue bonds, Federal and State grants and airport revenues. Additional information on the Authority's capital assets is presented in Note 4 of the Notes to the Basic Financial Statements.

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY DEBT ACTIVITY

The Authority's outstanding bonds and notes payable at June 30, 2010, 2009 and 2008 is summarized as follows:

BONDS AND NOTES PAYABLE	2010	2009	2008
Bonds:			
Airport Revenue	\$ 479,200	\$ 478,345	\$ 504,585
City of Memphis General Obligation	3,920	5,725	7,435
Special Facilities Revenue	45,000	45,000	45,000
Unamortized bond premiums	9,243	3,637	4,483
Unamortized deferred loss	(10,009)	(7,527)	(9,645)
Notes payable	118	318	570
Current portion of bonds and notes	(28,848)	(28,918)	(28,520)
Total long-term bonds and notes payable, net	\$ 498,624	\$ 496,580	\$ 523,908

**DEBT ACTIVITY (CONTINUED)**

The Authority's 2010 total long-term bonds and note payable, net of \$498,624 increased \$2,044 (.4 percent) compared to 2009 total of \$496,580. The increase in the total long-term bonds and notes payable, net outstanding was mainly due to the issuance of the Series 2010A Bonds (\$30,290) offset by scheduled debt service principal payments made during the fiscal year 2010.

In January 2010, the Authority sold \$30,290 of Airport Revenue Bonds, Series 2010A at a \$108 premium. The bonds have fixed interest rates ranging from 4.76 percent to 5.02 percent. Maturity dates range from July 1, 2030 through July 1, 2039. Certain net proceeds will be used to finance a portion of the costs of construction, acquisition and equipping of Airport terminal and parking facilities, to fund capitalized interest deposit requirements, to fund debt service reserve fund requirements and to pay the cost of issuance of the bonds.

In January 2010, the Authority sold \$159,340 of Airport Refunding Revenue Bonds, Series 2010B at a \$6,471 premium. The bonds have fixed interest rates ranging from 3.00 percent to 5.75 percent. Maturity dates range from July 1, 2010 through July 1, 2025. Certain net proceeds together with amounts transferred from the debt service account for the Airport Revenue Bonds, Series 1999D and E were deposited in escrow to defease \$160,525 and \$1,455 outstanding Series 1999D and E revenue bonds, and to pay the cost of issuance of the bonds.

Notes Payable were issued to finance the purchase of replacement shuttle buses for transporting passengers to and from the public parking lots. The notes are renewable on an annual basis and bear interest at a rate of Prime minus 1.75 percent. Debt service payments will come from revenues generated by the respective parking operations. The Authority has a line of credit of \$10,000, the amount available for draw down is reduced by the \$118 outstanding at June 30, 2010.

The Authority has obtained a \$45,000 revolving line of credit with a bank. The purpose for this line of credit is to provide temporary funding for the improvements to taxiways alpha and victor. At June 30, 2010, the Authority had not drawn on this line of credit. Future draw downs, if any, will be repaid with Federal grant reimbursements or future bond proceeds, as applicable, received by the Authority.

More detailed information related to long-term debt can be found in Note 6 of the Notes to the Basic Financial Statements.

## DEBT ACTIVITY (CONTINUED)

### DEBT SERVICE COVERAGE

Airport revenue bond resolution covenants require that revenues available to pay debt service, as defined in the bond resolution, are equal to a minimum of 125 percent of the debt service on airport revenue bonds and 100 percent of the combined debt service on the airport revenue bonds and the City of Memphis general obligation bonds. Coverage ratios for the years 2010, 2009 and 2008 are as follows:

### COVERAGE RATIO

	FY 2010	FY 2009	FY 2008
Airport Revenue Bonds	127%	129%	135%
Airport Revenue and General Obligation Bonds	122%	124%	129%

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY AIRPORT ACTIVITIES AND HIGHLIGHTS

During fiscal year 2010, 10,070,483 passengers traveled through the Airport, a decrease of 3.3 percent under the 10,412,344 passengers in fiscal year 2009. Additionally, aircraft landed weight, decreased from 25,883,320 per thousand pound units in 2009 to 25,473,250 per thousand pound units in 2010. These decreases were realized with the decrease in 2010 aircraft operations of 307,768 compared to 2009 aircraft operations of 319,170.

Air Cargo activity remained strong in spite of significant challenges within the national and world economies. Memphis remained the world's largest cargo airport with approximately 4.25 million and 4.00 million U.S. tons of total cargo in 2010 and 2009, respectively. Cargo activity at the Airport is dominated by FedEx Express, which has its corporate headquarters and operates its worldwide super-hub from Memphis.

The Authority's Airport Use and Lease Agreement, in effect with six airlines known collectively as the signatory airlines, establishes the rates and charges methodology for the signatory airlines and their affiliates each year. The existing agreement was extended and will remain in effect until a new agreement is negotiated. Landing fees and rates for non-signatory and non-scheduled airlines are assessed at 125 percent and 150 percent, respectively, of the signatory rates.

### RATES AND CHARGES

SIGNATORY AIRLINE RATES AND CHARGES	FISCAL YEAR 2011	FISCAL YEAR 2010	FISCAL YEAR 2009	FISCAL YEAR 2008
Terminal Average Square Foot Rate	\$ 35.92	\$ 33.54	\$ 32.97	\$ 32.97
Cargo Building Square Foot Rate	26.12	26.12	26.12	23.18
Aircraft Loading Position Rate-per lineal foot	53.36	52.29	47.03	52.49
Signatory Landing Fee-per 1,000 lbs. unit	1.41	1.41	1.42	1.47

**AIRPORT ACTIVITIES AND HIGHLIGHTS (CONTINUED)**

Cost per enplaned passenger (CPE) is a measure used by the airline industry to reflect the relative costs a passenger airline pays to operate at an airport based upon the number of enplaned passengers for that airport. That measure, however, is not exact for comparison, as not all airports calculate the number in the same way and cautions should be taken when comparing individual or groups of airports. Fiscal year 2009 and 2008 CPE have been restated for comparative purposes in order to reflect the current calculation methodology and the adjustment of updated enplanement data.

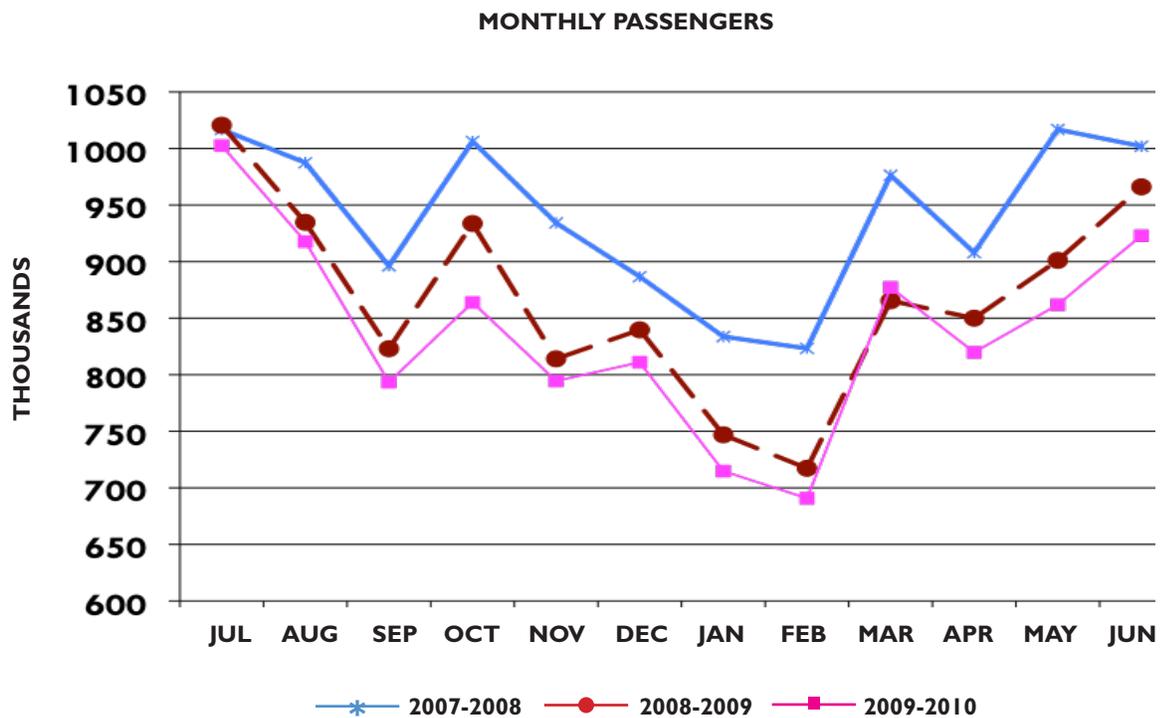

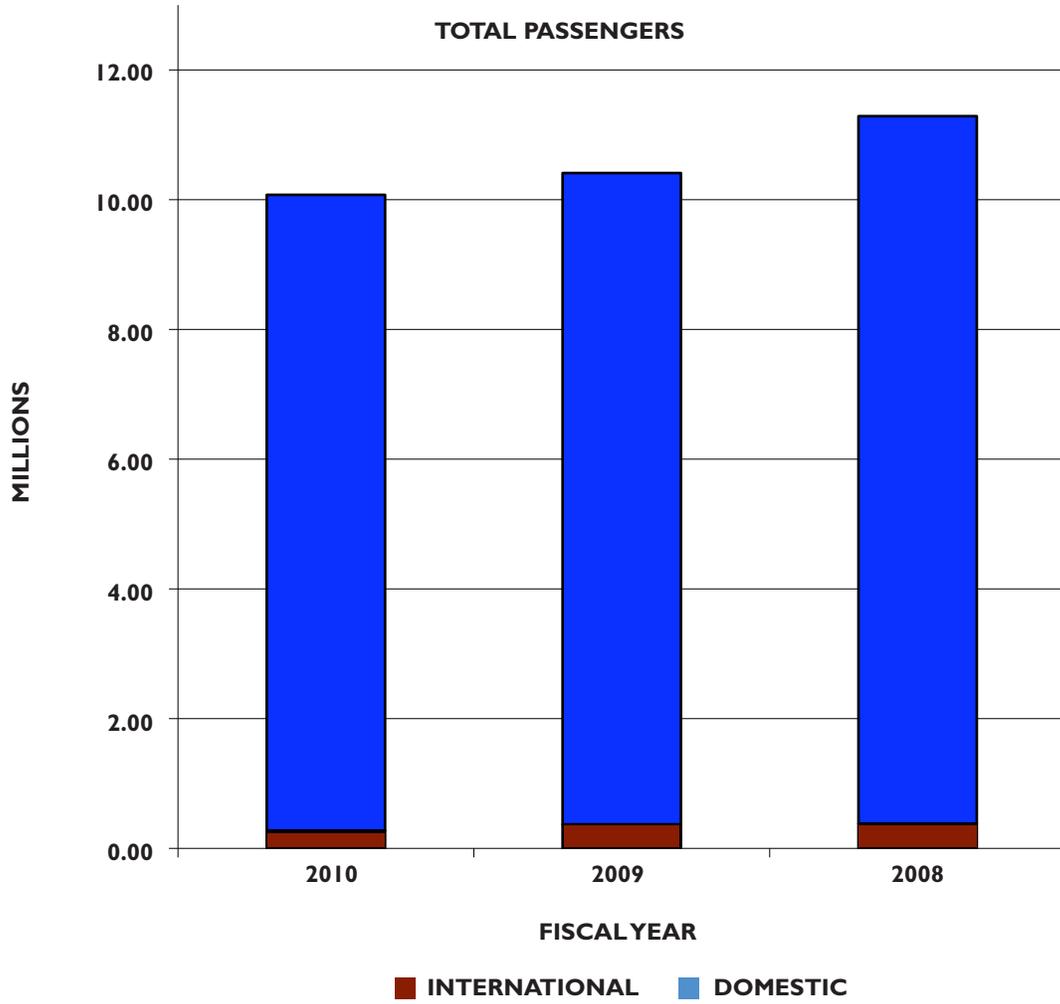

**COST PER ENPLANED PASSENGER**

	2010	2009	2008
Average Cost Per Enplaned Passenger <sup>(1)</sup>	\$ 4.81	\$ 4.81	\$ 4.76
Average Cost Per Enplaned Passenger plus special facility debt	\$ 5.81	\$ 5.81	\$ 5.66
Average Cost Per Enplaned Passenger plus special facility debt and FIS fees	\$ 6.15	\$ 6.14	\$ 5.95

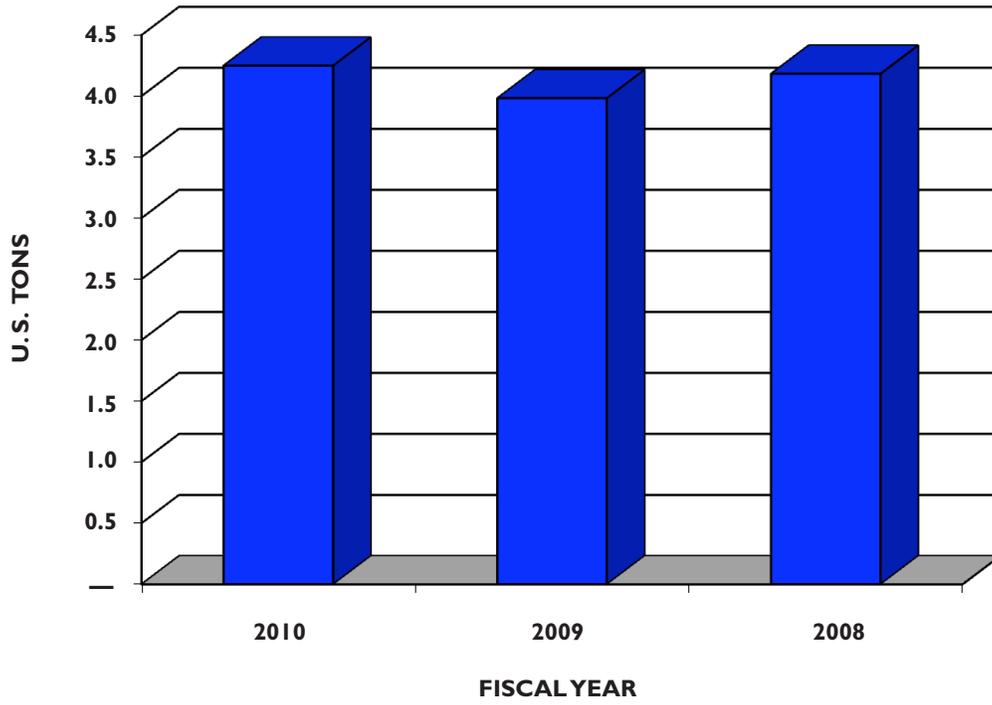

<sup>(1)</sup>Since Northwest Airlines and some charters are subject to Federal Inspection Station (FIS) fees related to international travel, the cost per enplaned passenger analysis is expanded to show detail including and excluding FIS fees.

Selected statistical information about total passengers, total cargo, aircraft landed weight, and air carrier movements for the past three years is presented in the table and graphs below. Total passengers for 2009 and 2008 have been restated to reflect updated passenger data.

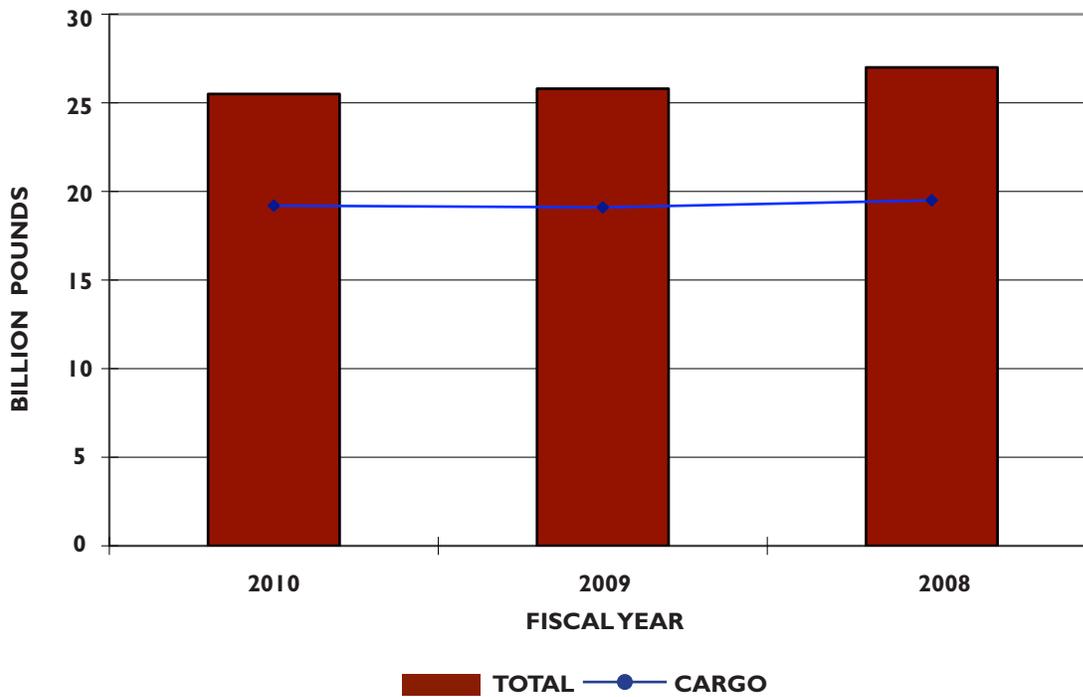

FISCAL YEAR	TOTAL PASSENGERS	TOTAL CARGO	AIRCRAFT	AIR CARRIER MOVEMENTS
		HANDLED (U.S. TONS)	LANDED WEIGHT (1000 POUND UNITS)	
2010	10,070,483	4,250,806	25,473,250	307,768
2009	10,412,344	3,982,852	25,883,319	319,170
2008	11,287,757	4,182,784	26,792,837	330,226

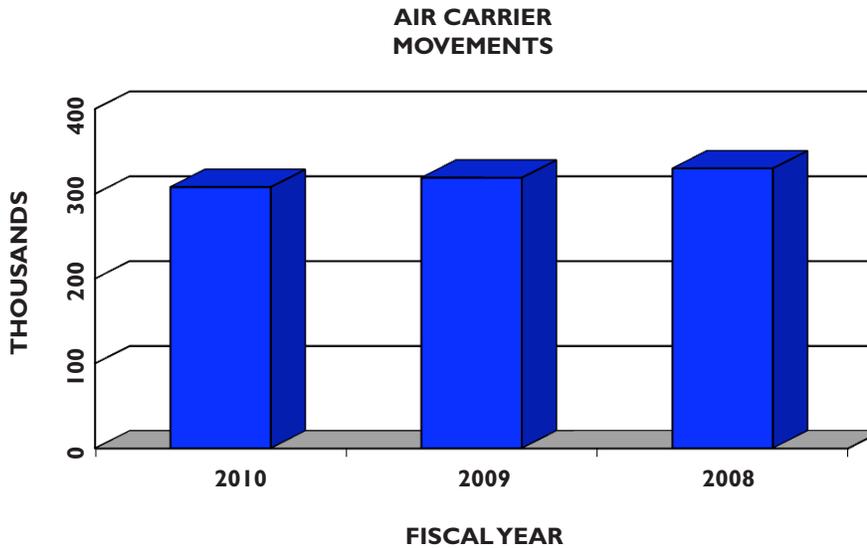

### CARGO HANDLED

### LANDED WEIGHTS

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY FUTURE OUTLOOK

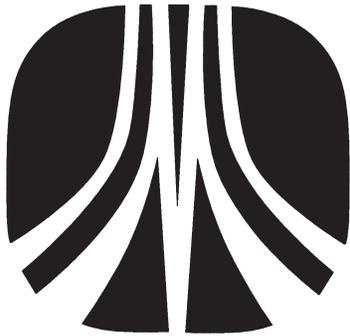

The Airport continues to work with its existing passenger airline partners and other carriers not currently serving Memphis to identify new markets and air service enhancements. On September 27, 2010 Southwest Airlines announced that it would acquire all of the outstanding common stock of AirTran Holdings, the parent company of AirTran Airways. The acquisition is subject to the approval of AirTran stockholders and the receipt of certain regulatory clearances. At this time it is premature to determine the impact of this merger on the Authority.

Cargo operations continue to remain strong and all information indicates that FedEx will continue its history of stability within the industry and at the Airport. Additionally, the recent completion of the new Tennessee Air National Guard (“TnANG”) base on the southeast of the airport has allowed TnANG to relocate from their prior 103 acre site that lies within the FedEx hub operation area. The Airport has negotiated a new long-term lease with FedEx that includes these 103 acres as it provides additional future growth potential for FedEx.

There are distinct operational and financial advantages of having both a passenger and cargo hub. From an operational standpoint, the Airport boasts four runways with advanced technology to allow continued flight operations in severe weather conditions. Financially, many of the costs of operating the Memphis airport system are decentralized and are not borne individually by either hub carrier. No assurance can be given as to the levels of aviation activity which will be achieved at the Airport in future fiscal years.

### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Authority’s finances for all those with an interest in its finances. Questions concerning any of the information should be addressed to the Chief Financial Officer, Memphis-Shelby County Airport Authority, 2491 Winchester Road, Suite 113, Memphis, Tennessee 38116-3856.

Accrued expenses and deferred revenue	(643)	(60)
<b>Net cash provided by operating activities</b>	<b>\$ 53,193</b>	<b>\$ 52,310</b>

**NON-CASH INVESTING ACTIVITIES**

Investments decreased by \$1,545 and increased by \$1,181 in 2010 and 2009, respectively, due to the change in fair value.

**NON-CASH CAPITAL AND RELATED FINANCING ACTIVITIES**

During fiscal year 2010, the net proceeds of \$168,510 from revenue refunding bonds were sent directly to the escrow agent for defeasance of debt and thus did not result in a cash flow to the Authority.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY**  
**NOTES TO BASIC FINANCIAL STATEMENTS**  
JUNE 30, 2010 AND 2009 (\$ IN THOUSANDS)

**1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Organization** – The Memphis-Shelby County Airport Authority (the “Authority”) is a body politic and corporate of the State of Tennessee, created in 1969 pursuant to the Metropolitan Airport Authority Act. The Authority is governed by a seven-member Board of Commissioners (the “Board”), who is appointed by the Mayor of the City of Memphis (the “City”), with two members nominated by the Mayor of Shelby County (the “County”). The Memphis City Council confirms all members. The Authority owns and operates the Memphis International Airport (the “Airport”) and two general aviation reliever airports - Charles W. Baker Airport and General DeWitt Spain Airport.

**B. Reporting Entity** – The Governmental Accounting Standards Board (“GASB”) Statement No. 14, *The Reporting Entity*, defines the governmental financial reporting entity as the primary government, organizations for which the primary government is “financially accountable,” and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

“Financial Accountability” is the benchmark for determining which organizations are component units of a primary government. Financial accountability exists when a primary government has appointed a voting majority of the governing body of a legally separate organization and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Based on the criteria below, the Authority is considered a component unit of the City:

- i. **Financial Accountability** – The members of the Board are appointed as described above. A member of the Board may be removed from office by a two-thirds vote of the Memphis City Council, but only after notice of cause for the removal has been served and the member has been granted an opportunity for a public hearing on the matter.
- ii. **Specific Financial Burden** – The City has issued its general obligation bonds to finance projects associated with the Authority. The Authority has entered into agreements with the City to pay debt service on these bonds; however, the City’s full faith and credit are pledged against these bonds and in the event of the Authority’s default on payment would be payable from taxes levied on all taxable property in the City subject to taxation by the City without limitations as to rate or amount. The Authority is not empowered to levy taxes.

# MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY

## NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

### I. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

- C. **Basis of Accounting** – The Authority is presented as an enterprise fund with separate accounts for each of the three airports. The accounts of the Authority are reported using the flow of economic resources measurement focus. The financial statements are prepared on the accrual basis of accounting, under which revenues are recognized when earned and expenses are recognized when incurred. An enterprise fund is used to account for operations that are financed and operated in a manner similar to private business enterprises. The intent of the Board is that the costs of providing services on a continuing basis be recovered through user charges.

*Operating revenues and expenses* – Revenues from landing fees, terminal area use charges, cargo building space rentals, parking revenues and concession revenues are reported as operating revenues. Transactions related to financing and investing activities are reported as nonoperating revenues. Salaries and wages, repair and maintenance, professional and engineering services and other expenses that relate to airport operations are reported as operating expenses. Interest expense and financing costs are reported as nonoperating expenses.

Pursuant to GASB Statement No. 20, as amended, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, the Authority applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (“FASB”) Statements and Interpretations, Accounting Principles Board (“APB”) Opinions, and Accounting Research Bulletins (“ARBs”) issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. The Authority has elected to not apply FASB Statements and Interpretations issued after November 30, 1989.

- D. **Budgets** – In accordance with the Metropolitan Airport Authority Act, the City entered into an agreement dated May 26, 1970 with the Authority, which transferred all airport properties, functions, and outstanding obligations to the Authority. Provisions of the agreement require the Authority to prepare an annual operating budget, which must be filed with the City. A five-year capital improvement program, including modifications and reasons therefore is also required to be submitted each year. Even though the budgets are required to be filed with the City, the Board is responsible for approving the budget and any subsequent revisions.

The Airline Airport Affairs Committee, composed of signatory airlines, reviews the proposed annual budget, which is the basis for rates and charges under basic airport leases. This committee and other users may present objections and, if not adequately addressed, force a public hearing. Once adopted and issued, users have sixty days to respond after which time the budget becomes effective.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****I. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Authority is not required to demonstrate statutory compliance with its annual operating budget. Accordingly, budgetary data is not included in the basic financial statements. All budgets are prepared in accordance with the airport lease and use agreements and in conformance with requirements contained in bond resolutions. Unexpended appropriations lapse at year-end.

- E. Cash and Cash Equivalents** – Cash and cash equivalents include amounts in demand deposits as well as investments with a maturity date within three months of the date acquired.
- F. Investments** – Investments are reported at fair value with the exception of nonnegotiable investment contracts, which are reported at cost. The investment portfolio is managed to maintain the preservation of the principal of those funds within the portfolio, while maintaining enough liquidity to meet immediate and/or future operating requirements, and to maximize the return on investments while remaining within the context of these parameters.
- G. Materials and Supplies Inventory** – Inventory is valued at the lower of cost, determined on an average cost method, or market.
- H. Restricted Assets** – The bond indentures and bond resolutions authorizing the issuance of bonds require segregation of cash and investments into restricted accounts. Additionally, certain assets are restricted by the Board or by regulatory agencies (Note 3).
- I. Leases** – The Authority is lessor under numerous lease agreements. The leases are classified as operating leases, except for certain special facility leases, which are accounted for as direct financing leases.
- J. Capital Assets** – Assets with a cost of five thousand dollars or more are capitalized. Capital assets are stated at cost when purchased or fair value when donated, less accumulated depreciation. During construction of assets, interest incurred on related construction debt, less interest earned from investments whose use is restricted to related capital improvements, is capitalized from the time of borrowing until completion of the project. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. The estimated lives by general classification are as follows:

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

**I. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

	<b>YEARS</b>
Runways, taxiways, aprons, and airfield lighting	15-30
Buildings	10-40
Facilities constructed for tenants	18
Roads, bridges, and fences	20
Equipment and utility systems	3-40

In June 2007, the GASB issued Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*, (“GASB No. 51”). GASB No. 51 provides that intangible assets should be classified as capital assets and establishes guidance specific to intangible assets related to their useful life and amortization.

Management adopted this statement in fiscal 2008 on a prospective basis as it relates to the amortization of aviation easements. Under GASB No. 51, aviation easements are no longer amortized.

- K. Bond Issue Costs** – Bonds issue costs include underwriting spreads, insurance, and various professional fees. The costs are deferred and amortized over the life of the respective bond issues using the interest method.
- L. Original Issue Discount/Premium** – Original issue discounts and premiums are netted against the bond payable account and amortized over the lives of respective bond issues using the interest method.
- M. Compensated Absences** – Substantially all employees receive compensation for vacations, holidays, illness, and certain other qualifying absences. Liabilities relating to these absences are recognized as incurred.
- N. Capital Contributions** – Grants from federal, state and local governments and private enterprises are received for payment of costs related to various property acquisitions and construction projects and for debt retirement. Grants are recorded when all applicable eligibility requirements are met.
- O. Retirement Systems** – The Authority currently funds pension costs, which are composed of normal cost and amortization of unfunded prior service costs.
- P. Taxes** – The Authority is exempt from payment of federal and state income, property, and certain other taxes.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****I. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

- Q. Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
- R. Risk Management** – The Authority purchases commercial insurance coverage for claims arising out of bodily injury or property damage as well as property insurance on airport properties, which includes earthquake and flood coverage. There were no significant reductions in insurance coverage in the current year. Additionally, there were no significant settlements, which exceeded insurance coverages for each of the past three years. The Authority is a member of both the City of Memphis health insurance program and the self-insured fund for health and medical benefits. The City’s Health Insurance-Internal Service Fund charges premiums which are used to pay claims and fund the accrual for “incurred but not reported” claims and administrative costs of its health and medical benefits program.
- S. Net Assets** – The Authority recognizes the difference between its assets and liabilities as net assets. Net assets categories include the following:
- i. Invested in capital assets, net of related debt – comprised of the Authority’s capital assets less any related outstanding debt used to acquire those assets.
  - ii. Restricted for debt service – comprised of the Authority’s assets, mainly cash and investments, restricted by bond resolution to be used in paying debt service obligations.
  - iii. Restricted for capital acquisition – comprised of the Authority’s assets restricted by contributors, bond resolutions and State and Federal regulations to be used in purchasing or construction of capital items or improvements.
  - iv. Unrestricted – the remaining balance of net assets.
- T. Conduit Debt** – The conduit debt obligations are special limited obligations of the Authority, payable solely from and secured by pledges of rentals to be received from lease agreements the Authority has secured with FedEx Corporation and Pinnacle Airlines. The bonds do not constitute a debt or pledge of the faith and credit or net revenues of the Authority, the City of Memphis, the County, or the State. As such, the debt is considered “conduit debt” to the Authority, and the related assets and liabilities are not included in the accompanying statements of net assets. Conduit debt transactions are more fully described in Note 7.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

**2. DEPOSITS AND INVESTMENTS**

**A. Deposits** – Cash deposits as of June 30, 2010 and 2009, were \$16,186 and \$14,139 respectively. These deposits consisted of interest bearing and non-interest bearing demand accounts. Petty cash as of June 30, 2010 and 2009 was \$14 and \$16 respectively. The Authority had cash equivalents, representing U.S. Government agencies of \$2,999 at June 30, 2010.

*Custodial credit risk* – In the case of deposits, this is the risk that in the event of bank failure, the Authority’s deposits may not be returned. The Authority’s policy is for the deposits to be collateralized through the State of Tennessee collateral pool or for collateral to be pledged on such deposits held by the custodian. State statute requires cash deposits in excess of Federal Deposit Insurance Corporation insurance to be collateralized at 105 percent.

**B. Investments** – Investments consist of the following at June 30, 2010 and 2009:

	2010	2009	WEIGHTED AVERAGE MATURITY (YEARS) AT JUNE 30, 2010
At fair value:			
U.S. Government agencies	\$ 212,584	\$ 179,458	.68
Deferred compensation – mutual funds	761	609	
At cost:			
Forward purchase agreement	24,513	24,513	14.68
	<u>\$ 237,858</u>	<u>\$ 204,580</u>	

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****2. DEPOSITS AND INVESTMENTS (CONTINUED)**

The investments made during fiscal years 2010 and 2009, were limited to the classifications above. Investments in U.S. Government agencies included the Federal National Mortgage Association, Federal Home Loan Mortgage Company, Federal Home Loan Bank, and Federal Farm Credit Bank, during fiscal years 2010 and 2009. With the exception of the discount note investments, which were rated P-1, all investment in U.S. Government agencies had a credit rating of Aaa by Moody's at June 30, 2010.

In 2000, the Authority entered into a forward purchase agreement to invest \$24,513 of bond reserve funds. Under the agreement, the trustee holds the investments until they are required for bond maturities or until the agreement is terminated. The Authority is paid a fixed return of 6.558 percent. If the agreement is terminated prior to the bond's maturity, the Authority or the Trustee may be required to pay a termination amount. This termination amount would be determined by prevailing interest rates at the time of termination. The Authority records this nonnegotiable investment contract at cost. This investment represents more than 5 percent of the Authority's portfolio at June 30, 2010. The issuer of this investment contract had a credit rating of Aa2 by Moody's at June 30, 2010.

*Interest rate risk* – In accordance with its investment policy, the Authority manages its exposure to declines in fair values by limiting the maturity of individual investments to no more than 5 years from the date of purchase unless the security is matched to a specific obligation or debt of the Authority.

*Credit risk* - Bond resolutions generally authorize the Authority to invest in direct obligations of or obligations guaranteed by the U.S. Government, obligations issued or guaranteed by specific agencies of the U.S. Government, secured certificates of deposit, secured repurchase agreements, and money market funds. The Authority may also invest in municipal bonds and investment agreements as long as the issuer is rated in one of the two highest rating categories by at least two nationally recognized rating agencies.

*Concentration of credit risk* – The Authority's investment policy provides for certain maximum limits in each eligible security type to reduce the risk of loss from an over concentration in a specific class of security. The policy also does not allow for an investment in any one issuer that is in excess of 5 percent of the Authority's total investments with the following exceptions:

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

**2. DEPOSITS AND INVESTMENTS (CONTINUED)**

INVESTMENT TYPE	MAXIMUM
U.S. Treasury Obligations	100%
Each Federal Agency	50%
Each Repurchase Agreement Counterparty	25%
Bank Deposits or Savings Accounts	80%
Investment Agreements	50%

*Custodial Credit Risk* – The Authority’s investment policy provides that all securities purchased by the Authority or held as collateral on either deposits or investments shall be held in third-party safekeeping at a qualified financial institution.

**C. Reconciliation of Deposits and Investments to the Statements of Net Assets** – A reconciliation of cash and cash equivalent and investments as shown in the accompanying statements of net assets is as follows:

	2010	2009
Unrestricted current assets:		
Cash and cash equivalents	\$ 9,933	\$ 5,120
Short term investments	18,025	18,591

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)

### 3. RESTRICTED ASSETS (CONTINUED)

Revenues of the Authority are deposited to the revenue fund, which was created by the airport revenue bond resolution. Monies in the revenue fund are to be used and applied in the following order of priority:

First, there shall be applied each month the amount that the Authority determines to be required to pay costs of operation and maintenance;

Second, there shall be deposited each month into the Airport Improvement Bond Fund and the accounts therein the amounts by the resolution to be used for the purposes specified therein;

Third, so long as the Authority shall be required to make payments to the City or the County or other municipality for the payment by such city, county or other municipality of principal, interest and premiums on bonds, notes or other evidences of indebtedness issued by it for the Airport, there shall be set aside in the separate account of the Authority continued under the Basic Resolution that amount which, together with other monies credited to such account, if the same amount were set aside in such account in each month thereafter prior to the next date on which the Authority is required to make payments to the City or the County or other municipality, as the case may be, for the payment by the City, County or other municipality of principal of and interest and premium on the bonds, notes or other evidences of indebtedness issued by it for the Airport, the aggregate of the amounts so set aside in such separate account will on such next date be equal to the payment required to be made on such date by the Authority to the City or the County or such other municipality, as the case may be; and

Fourth, the Authority may use any monies remaining for any lawful purpose of the Authority.

The Authority covenants in bond resolutions that it will impose, prescribe, and collect rates, rentals, fees, and charges for the use of the airports and revise the same when necessary to assure that the Authority will be financially self-sufficient and that revenues so produced shall be sufficient to pay debt service when due; to pay all costs of operations and maintenance; to reimburse the City for its general obligation bonds; and to pay when due any other claims payable.

The construction and land acquisition accounts are to be used for construction projects and acquisition of land in connection with the Authority's noise compatibility and airport expansion programs. Withdrawals of money on credit in these accounts are made upon written requisition.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****4. CAPITAL ASSETS**

Capital asset activity for the year ended June 30, 2010, was as follows:

	BALANCE JULY 1, 2009	ADDITIONS & RECLASSIFICATIONS	LESS DELETIONS & RECLASSIFICATIONS	BALANCE JUNE 30, 2010
<b>CAPITAL ASSETS NOT BEING DEPRECIATED:</b>

## **MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

### **4. CAPITAL ASSETS (CONTINUED)**

The Authority capitalized \$610 of interest in fiscal year 2010. There was no interest capitalized in fiscal year 2009.

Substantially all capital assets are held by the Authority for the purpose of rental or related use.

### **5. LEASE AND USE OF AIRPORT FACILITIES**

The Authority leases terminal space, buildings, and airfield space on both a fixed-fee and contingent rental (percent of revenue) basis. Contingent rentals generally have fixed specified minimum rent provisions. Contingent rentals were \$50,340 and \$51,261 for fiscal years 2010 and 2009, respectively.

Substantially all of the leases provide for periodic re-computation (based on a defined formula) of the rental amounts. Rates and fees charged by the Authority for the use of its facilities are required by terms of the individual leases to be sufficient to cover operating expenses, debt service, and general obligation debt, but not depreciation and amortization.

Other fees are received from public parking and miscellaneous other sources. Non-aviation revenue consists primarily of hotel and other rentals. Site and building rentals from these tenants are governed by the terms of various leases.

The Authority has acquired equipment or constructed facilities for lease to others under agreements accounted for as operating leases. The cost of these leased properties was financed by the airport revenue bonds issued by the Authority (Note 6). The lease agreements provide for rentals equal to or exceeding principal and interest payments due on the related bonds and, in addition, call for certain ground rentals.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****5. LEASE AND USE OF AIRPORT FACILITIES (CONTINUED)**

Minimum future rentals for leases are as follows:

<u>YEAR</u>	<u>AMOUNT</u>
2011	\$38,885
2012	24,152
2013	24,250
2014	69,202

The unamortized deferred amount on refunded bonds at June 30, 2010, represents \$9,990 deferred on the Airport Revenue Bonds and \$19 deferred on the City of Memphis General Obligation Bonds. Interest expense includes amortization of loss on bond refunding for 2010 and 2009 of \$2,048 and \$2,118, respectively, and amortization of \$973 premium, net and \$846 of premium, net, respectively.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****6. LONG-TERM DEBT (CONTINUED)**

**Airport Revenue Bonds** – The bonds were issued for airfield and terminal building improvements and expansion of Memphis International Airport parking capacity. The bond resolution contains a rate covenant which requires collection of rentals and charges for the use of the airports so that the Authority will be financially self-sufficient and the revenues produced will be sufficient to pay principal, interest, and premium, if any, when due. The Authority may issue additional airport revenue bonds, subject to historical and future revenue tests.

In January 2010, the Authority sold \$30,290 of Airport Revenue Bonds, Series 2010A at a \$108 premium. The bonds have fixed interest rates ranging from 4.76 percent to 5.02 percent. Maturity dates range from July 1, 2030 through July 1, 2039. Certain net proceeds of \$24,040 will be used to finance a portion of the costs of construction, acquisition and equipping of Airport terminal and parking facilities; certain net proceeds of \$2,561 were used to fund capitalized interest deposit requirements; certain proceeds of \$2,838 were used to fund debt service reserve fund requirements and certain net proceeds of \$959 were used to pay the cost of issuance of the bonds.

In January 2010, the Authority sold \$159,340 of Airport Refunding Revenue Bonds, Series 2010B at a \$6,471 premium. The bonds have fixed interest rates ranging from 3.00 percent to 5.75 percent. Maturity dates range from July 1, 2010 through July 1, 2025. Certain net proceeds of \$168,510 together with \$4,092 transferred from the debt service account for the Airport Revenue Bonds, Series 1999D and E were deposited in escrow to defease \$160,525 and \$1,455 outstanding Series 1999D and E revenue bonds, respectively, and certain net proceeds of \$1,393 were use to pay the cost of issuance of the bonds. The refunding resulted in a difference between the reacquisition price and the net carrying amount of the refunded debt of \$4,530 that will be charged over 15 years using the straight-line method. The refunding decreased the Authority's total debt service payments by \$19,136 and resulted in an economic gain (difference between the present value of the old debt and the new debt service payments) of \$9,835.

**City of Memphis General Obligation Bonds** – The 1998 bonds were issued to refund previous general obligation debt used for acquisition of land for expansion. The bonds are direct obligations of the City who has pledged its full faith and credit and taxing power to the punctual payment of principal and interest; however, the Authority has entered into agreements with the City to pay debt service as it is due.

**Special Facilities Revenue Bonds** – Special Facilities Revenue Bonds – Series 1993 were issued to fund construction of an aircraft maintenance hangar, corporate hangar and apron area for FedEx Corporation.

The Authority issued \$45,000 in Special Facilities Bonds, Refunding Series 2003. These bonds were used to refund the Special Facilities Revenue Bonds, Series 1993. The bonds are due July 1, 2014 and bear interest at 4.50 percent payable semi-annually. Costs of issuance were paid by the lessee. No gain or loss resulted from this refunding and no effect on the Authority's cash flows resulted from the refunding as rents charged the lessee pay the debt service on the bonds. The bonds are payable solely by rentals from the facilities. Rents collected by the trustee are sufficient to pay debt service and certain administrative and trustee costs. See Note 3 regarding the Special Facilities Bonds receivable which is restricted for repayment of the principal portion of the debt.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

**6. LONG-TERM DEBT (CONTINUED)**

**Note Payable** – On June 16, 2005, the Authority entered into a note payable with an original amount of \$500 to finance the purchase of five shuttle buses for transporting parkers from the outlying public parking lots to the terminal building. The note is renewable on an annual basis and bears interest at a rate of Prime minus 1.75 percent at June 30, 2010. Payments will be generated through rates charged for public parking.

**Line of Credit** – The Authority has a line of credit of \$10,000 with a bank. The amount available is reduced by the \$118 outstanding on the note payable leaving \$9,882 available at June 30, 2010.

The Authority has obtained a \$45,000 revolving line of credit with a bank. The purpose for this line of credit is to provide temporary funding for the reconstruction of runway 9/27 and improvements to taxiways alpha and victor. At June 30, 2010, the Authority had not drawn on this line of credit. Future draw downs, if any, will be repaid with Federal grant reimbursements received by the Authority or other funds as applicable.

**Maturities of Bond Debt and Interest Payable** – Maturities, mandatory sinking fund redemptions, and interest payments of long-term debt are as follows:

YEAR	SPECIAL FACILITIES REVENUE BONDS	AIRPORT REVENUE BONDS	CITY OF MEMPHIS GENERAL OBLIGATION BONDS	INTEREST PAYMENTS
2011	\$	\$ 26,825	\$1,905	\$ 26,530
2012		25,215	2,015	26,211
2013		26,085		24,931
2014	45,000	24,090		22,725
2015		24,120		20,550
2016-2020		124,210		84,033
2021-2025		176,065		42,347
2026-2030		27,690		8,028
2031-2035		10,940		4,911
2036-2040		13,960		1,812
Total	\$45,000	\$ 479,200	\$3,920	\$262,078

The special facilities and airport revenue bonds are subject to optional redemption at a premium over no greater than a five-year period prior to maturity. Bond resolutions provide that airport revenues are to be used to satisfy debt service requirements of the airport revenue, general operation and maintenance costs of the airport, and City of Memphis general obligation bonds, respectively. The special facilities and airport revenue bonds are not an obligation of any other governmental unit.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****7. CONDUIT DEBT**

The conduit debt obligations are special limited obligations of the Authority, payable solely from and secured by pledges of rentals to be received from lease agreements the Authority has secured with FedEx Corporation and Pinnacle Airlines. The bonds do not constitute a debt or pledge of the faith and credit or net revenues of the Authority, the City of Memphis, the County, or the State. The Authority has facilitated the issuance of the following series of conduit debt:

	AMOUNT OUTSTANDING AS OF JUNE 30,	
	2010	2009
Special Facilities Revenue Bonds – Refunding Series 1997. Issued in the amount of \$3,160 bearing interest at 6.125 percent, due in full on December 1, 2016. Proceeds used to refund bonds previously issued to finance the cost of the acquisition and construction of certain aircraft maintenance and repair facilities for Pinnacle Airlines, Inc. (formerly Express Airlines I, Inc.) and are payable solely from and are secured by a pledge of rental payments to be received from lease agreements and an Unconditional Guaranty.	\$1,870	\$ 2,010
Special Facilities Revenue Bonds – Refunding Series 1997. Issued in the amount of \$20,105 bearing interest at 5.35 percent, due in full on September 1, 2012. Proceeds used to refund bonds previously issued to finance the cost of the acquisition and construction of certain aircraft cargo handling and sorting facilities for FedEx Corporation and are payable solely from and are secured by a pledge of rental payments to be received from lease agreements and an Unconditional Guaranty.	20,105	20,105
Special Facilities Revenue Bonds – Refunding Series 2001. Issued in the amount of \$87,875 bearing interest at 5.00 percent, due and paid in full on September 1, 2009. Proceeds used to refund bonds previously issued to finance the cost of the acquisition and construction of certain aircraft cargo handling and sorting facilities for FedEx Corporation and were payable solely from and were secured by a pledge of rental payments to be received from lease agreements and an Unconditional Guaranty.		87,875
Special Facilities Revenue Bonds – Refunding Series 2002. Issued in the amount of \$95,770 bearing interest at 5.05 percent, due in full on September 1, 2012. Proceeds used to refund bonds previously issued to finance the cost of the acquisition and construction of certain aircraft cargo handling and sorting facilities for FedEx Corporation and are payable solely from and are secured by a pledge of rental payments to be received from lease agreements and an Unconditional Guaranty.	95,770	95,770
<b>Total</b>	<b>\$ 117,745</b>	<b>\$205,760</b>

These bonds are special limited obligations of the Authority, payable as described above. The bonds do not constitute a debt or obligation of the Authority and accordingly have not been reported in the accompanying financial statements.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

**8. CAPITAL CONTRIBUTIONS**

The Authority has received capital contributions by means of Federal and State grants, as well as other funding sources as follows:

	2010	2009
Federal	\$42,519	\$ 28,857
State	10,834	15,566
Other		21
Total capital contributions	\$53,353	\$ 44,444

**9. DEFINED BENEFIT RETIREMENT PLANS**

**General** – The Authority participates in the City of Memphis Retirement System (“City Plan”). Although the Authority is a separate entity, plan benefits have not been allocated to employees of the Authority. Consequently, disclosures will follow guidelines for cost-sharing multiple employer public employee retirement systems. The Retirement System is established under Chapter 25, Code of Ordinances, City of Memphis, Tennessee, and is administered by a Board of Administration under the direction of the Mayor. The Retirement System is included in the City’s basic financial statements as a pension trust fund. That report may be obtained by writing to the City of Memphis, Comptroller’s Office, 125 N. Main Street, Memphis, TN 38103.

**Plan Description** – Substantially all full-time salaried employees are required to participate in one of two contributory defined benefit pension plans (the “Plans”). Plan A is for salaried employees hired before July 1, 1978, and Plan B is for salaried employees hired thereafter. Hourly employees are eligible for coverage under a supplemental retirement plan based on their wages under the Federal Insurance Contribution Act (Social Security). The Authority’s payroll for employees covered by the plans was \$18,283 and \$18,569 for fiscal years 2010 and 2009, respectively. Total payroll was \$18,467 and \$18,761 for the same two periods.

The Plans provide retirement benefits as well as death and disability benefits. Retirement benefits vest after ten years of service. General employees under Plan A may retire after completion of twenty-five years of service or, if earlier, after age sixty and completion of ten years of service.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****9. DEFINED BENEFIT RETIREMENT PLANS (CONTINUED)**

Under Plan B, general employees may retire after meeting any of the following schedules:

1. After age sixty and the completion of ten years of service
2. After age sixty-five and the completion of five years of service
3. After twenty-five years of service

**Funding Policy** – Plan members are required to contribute 5 percent under Plan A and 8 percent under Plan B of their annual covered salary and the Authority is required to contribute at an actuarially determined rate, which was 5 percent at June 30, 2010. The contribution requirements of Plan members and the Authority are established and may be amended by the Board of Administration. The Authority's contributions to the Plan for fiscal years 2010, 2009, and 2008 were \$829, \$800, and \$794, respectively, equal to the required contributions for each year.

**10. DEFINED CONTRIBUTION PLAN**

On July 1, 1999, the Authority established the Memphis-Shelby County Airport Authority Supplemental Defined Contribution Plan that was designed to meet the requirements of Code Section 401(a). All participants in the Supplemental Defined Contribution Plan are also participants in the Memphis Retirement System. The purpose of the supplemental plan is to provide supplemental retirement benefits to participants in addition to the benefits provided by the City Plan. The Authority makes contributions on a discretionary basis. The amount of contributions expensed for fiscal years 2010 and 2009 was \$830 and \$826, respectively. Since the plan assets are held in trust for the benefit of the plan members, the related assets of the plan are not included in the accompanying statements of net assets. At June 30, 2010 and 2009, the fair value of the plan assets was \$9,114 and \$7,695, respectively.

**11. DEFERRED COMPENSATION PLAN**

The Authority offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Authority employees, permits the deferral of a portion of salary until future years. Participation in the plan is optional. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

## **MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**

### **11. DEFERRED COMPENSATION PLAN (CONTINUED)**

The plan has been amended to meet the recently enacted requirements of Internal Revenue Code Section 457. The amended plan provides that assets or income of the plan shall be used for the exclusive purpose of providing benefits for participants and their beneficiaries or defraying reasonable expenses of administration of the plan. Since the assets of the amended plan are held in custodial and annuity accounts for the exclusive benefit of plan participants, the related assets of the plan are not included in the accompanying statements of net assets. At June 30, 2010 and 2009, the fair value of the plan assets was \$5,048 and \$4,591 respectively.

### **12. POST-EMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS**

In addition to the pension benefits described in Notes 9 and 10, the Authority provides post-employment health care benefits to all employees who retire from the Authority under the provisions of the City of Memphis Retirement System. The Board in conjunction with the City has established benefit provisions and contribution obligations. Currently, 113 employees are eligible for post-retirement benefits. The plan provides 80 percent of the cost of certain health care and life insurance coverage to retirees. The Authority accounts for cost of these benefits as a cost-sharing employer under GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions* (“GASB No 45”), which was implemented in 2008. Expenses for post-employment health care benefits are recognized when premiums are incurred. Premiums are determined on a contract basis with the City. Expenses for fiscal years 2010, 2009, and 2008, were \$689, \$571, and \$421, respectively. There was no transition liability or asset as a result of implementing GASB No. 45, and the Authority has no liability for premiums due at June 30, 2010 and 2009.

The Retirement System and related other post-employment benefits disclosures are included in the City’s basic financial statements as a pension trust fund. That report may be obtained by writing to the City of Memphis, Comptroller’s Office, 125 N. Main Street, Memphis, TN 38103.

### **13. RELATED PARTIES AND MAJOR CUSTOMERS**

The City provided fire protection and other services to the Authority at a cost of \$3,802 and \$3,595 for fiscal years 2010 and 2009, respectively.

The Authority receives a large portion of its operating revenues from two airlines, FedEx Corporation and Delta Airlines. Rentals, landing fees, and other revenues from these two airlines were approximately 55 percent and 58 percent of operating revenues for the fiscal years 2010 and 2009, respectively.

**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)****14. COMMITMENTS AND CONTINGENCIES**

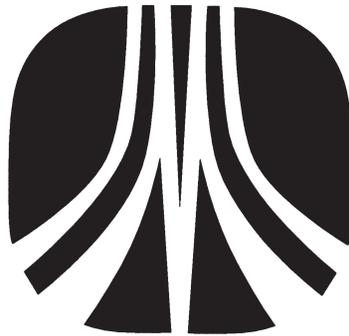

The Authority's construction projects are estimated at \$153,817, of which \$29,534 has been expended through June 30, 2010. Of the remaining \$124,283 expected to be spent, the outstanding commitments were \$102,297 at June 30, 2010, related primarily to air cargo buildings, reconstruction and extension of existing taxiways, parking garage improvements, and terminal access roads. The remaining commitments relate to projects to be funded from Airport Expansion funds included in restricted assets (Note 3) and federal grants.

Amounts received or receivable from grantor agencies are subject to audit by the grantor agencies, principally the Federal government. Disallowed expenditures, if any, may constitute a liability of the applicable funds. The Authority is not aware of any disallowed expenditures at this time.

In December 2009 the Authority was served with a class action alleging violations of the Fair Credit Reporting Act (FCRA) and the Fair and Accurate Credit Transaction Act (FACTA) in the Authority's public parking operations. The complaint alleged statutory violations but no actual harm to any plaintiff or plaintiffs. The parties have reached a settlement amount of approximately \$1,000 and have submitted the terms of the settlement to the court for its review and approval. The Authority has accrued the settlement amount (with no admission and or assumption of liability attached hereto) in fiscal year 2010.

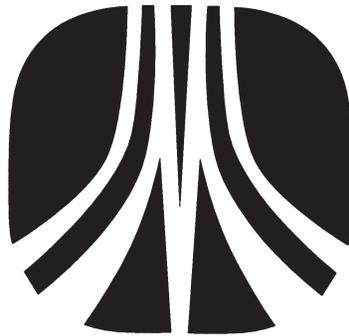

In April 2001 the Authority filed a petition for condemnation of certain properties to benefit the Authority. Subsequently, law suits were filed against the Authority asserting that lost profits from billboards on the properties should be considered in determining the value of such properties. The Authority's potential liability (with no admission and or assumption of liability attached hereto) related to this claim ranges between approximately \$240 and \$1,500. The Authority has placed \$246 on deposit with the court for these claims. As the outcome of a jury trial is difficult to predict additional accruals for this claim is not appropriate as of June 30, 2010.

Excluding the above cases it is the opinion of management that no other matters will have a material adverse effect upon the financial position or results of operations of the Authority.

## **SUPPLEMENTAL SCHEDULES**

Supplemental schedules, although not necessary for fair presentation of financial position and results of operation in conformity with generally accepted accounting principles, are often included to provide additional information.

Source: Memphis-Shelby County Airport Authority, Activity Reports and U.S. Bureau of Transportation

(1) In FY2009 Delta Air Lines and Northwest Airlines merged effective October 29, 2008. The FAA issued a joint operating certificate on January 1, 2010. FY2010 information has been combined.

(2) For FY2010 Mesa Airlines, PSA Airlines and Republic operated for US Airways Express. Previous years totals include America West.

(3) For FY2010 Atlantic Southeast, Chautauqua, ComAir, Pinnacle, Shuttle America and Skywest Airlines operated for Delta Connection.

(4) For FY2010 Skywest Airlines operated for United Express.

(5) May include activity by airlines no longer serving Memphis.

(6) Source: FAA, based upon calendar year.

(7) Enplanements for FY2001-2009 were restated to correct a reporting error that excluded certain Northwest Airlines' enplaned passengers from the total enplaned passenger count. The restatements for the period FY 2001-2009 resulted in annual enplanement increases that ranged from 40,537 to 190,819 enplanements or 0.7% to 3.6% of total annual enplanements.

Source: Audited financial statements of the Authority and revenue bond official statements.

(a) Restricted interest earnings represents earnings on current debt service fund and operating funds. Other includes operating grant income.

(b) Net revenues have been calculated in accordance with definitions in the basic revenue bond resolutions.

(c) Debt service portion payable from net revenues.

(d) Excludes amounts paid with capitalized interest.

(e) Special Facilities Revenue bonds are secured and payable from rentals equal to the debt service on the bonds. Debt service on these bonds is not payable from general revenues and, accordingly, does not enter into these coverage ratio calculations.

(1) Enplanements for FY2001-2009 were restated to correct a reporting error that excluded certain Northwest Airlines' enplaned passengers from the total enplaned passenger count. The restatements for the period FY 2001-2009 resulted in annual enplanement increases that ranged from 40,537 to 190,819 enplanements or 0.7% to 3.6% of total annual enplanements.

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY USE OF BOND PROCEEDS

Descriptions of the uses of proceeds from the Authority's outstanding bond issues are summarized below.

### AIRPORT REVENUE BONDS

*Series 2010A* – The bonds were issued to fund a portion of the costs of construction, acquisition and equipping of Airport terminal and parking facilities.

*Series 2010B* – The bonds were issued to provide funds for the purpose of refunding portions of the 1999D and 1999E bonds outstanding (\$160,525 and \$1,455 respectively). See Series 1999D and 1999E below.

*Series 2008A* – The bonds were issued to provide funds for the purpose of refunding all Series 1999A and 1999B bonds outstanding (\$87,751) at date of refunding (March 2008). See Series 1999A and B below.

*Series 2003A* – The bonds were issued to provide funds for the purpose of refunding a portion of the Series 1993 Bonds. The Series 1993 bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1985 Bonds; which were issued to fund airfield improvements including runway paving and lighting, airfield drainage improvements, airfield maintenance facility and fencing; terminal improvements including passenger holdrooms and baggage claim improvements for both the Authority and tenants and a hydrant fueling system; and ground transportation site preparations.

*Series 2002* – The bonds were issued to provide funds for the purpose of refunding a portion of the Series 1993B and all of Series 1994A Bonds. The proceeds of the 1993B bonds were issued to provide funds for the purpose of refunding a portion of the Series 1988 Bonds. (See Series 1988, which follows.) The proceeds of the 1994A bonds were issued to finance the construction and related costs of certain capital improvements to the passenger terminal facilities, roadways, parking lots and taxiways.

*Series 2001A and B* – The proceeds of this bond issue were used to finance the construction, reconstruction and extension of runways and taxiways, acquisition of property for noise mitigation, replacement of airport signage, property acquisition and clearing, expansion of the parking garage and employee parking lot, the acquisition and implementation of an automated vehicle identification system, roadway improvements, construction of terminal improvements, a walkway connector, baggage system improvements and other airline tenant finishes at the Airport, construction of facilities for air cargo and airline ground service equipment and other associated projects at the Airport including the replacement and upgrade of two cooling plants and the relocation of an airport maintenance shop.

*Series 1999D* - The proceeds of this bond issue were used to finance the extension of Taxiway N to the south end of Runway 18R-36L, construction of an aircraft apron at the south end of Taxiway N, reconstruction of Taxiway M as a temporary runway and connecting taxiways, reconstruction of Taxiway Z and T, construction of high-speed exits from Runway 9-27, enlarge the airfield maintenance facility and to acquire property for airport development in the airfield area. Repairs in the parking garage and upper level terminal drive were projects for the ground transportation area. Terminal projects include constructing a walkway connecting Concourse B and C, constructing additional gates to accommodate regional jets, construct space for airline clubs and concessions and other tenant improvements.

Funds were also used for the following airline-related improvements: finish and equip 23 regional jet gates on Concourses A & C, upgrade the flight information display system & gate check-in facilities on

## MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY USE OF BOND PROCEEDS

Concourse B, finish and equip the new Northwest World Club, renovate and expand the apron control, upgrade passenger check-in computers, expand baggage sort system and install and equip additional ticket counters for Northwest Airlines. For other airline tenants, renovate existing ticket and baggage claim facilities in Terminal C for joint use, expand holdroom space and install some jet bridges in Concourse C.

*Series 1997A* - The bonds were issued to provide funds for the purpose of refunding a portion of the Series 1988 Bonds, which were used for ongoing expansion and modification of the airports as outlined in a master plan adopted by the Authority in 1986. This bond issue funded airfield, terminal building, and airline projects.

Airfield projects involve the following taxiway construction and improvements: acquisition of 37 acres of land for future development, including planned third parallel north-south runway; construction of a second east-west taxiway south of the passenger terminal; reconstruction of taxiways along the east and south edges of the terminal aircraft parking apron; reconstruction of the taxiway paralleling runway 9-27; construction of holding aprons and bypass taxiways for runway 18R-36L; and a taxiway extension to ease traffic to and from the FedEx apron.

In the terminal area, the following improvements have been made: installation of additional electrical supply and chiller equipment; removal and treatment of asbestos; repair of the existing two levels of the garage; and design of additional curbside roadways.

Funds were also used for the following airline-related improvements: enlargement of certain passenger holdrooms; general improvements to passenger holdrooms; an airline club room, restrooms at the east and west concourses; construction of bridge connectors between the concourses; enlargement and remodeling of airlines operations offices and ticketing and baggage service counters; installation of various airlines equipment and fixtures and aircraft loading bridges; installation of electrical equipment and a hydrant fuel supply facility; construction of a maintenance and storage facility; and a storage and distribution warehouse for Northwest Airlines.

### CITY OF MEMPHIS GENERAL OBLIGATION BONDS

*Series 1998* - The bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1991B Bonds; which were issued to help finance the acquisition of land and 310 residential properties to allow future Airport development.

### SPECIAL FACILITIES REVENUE BONDS

*Series 2003* - The bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1993 Bonds, which were issued to construct aircraft maintenance facilities, a corporate aviation hangar, and a ramp extension at the Airport.

*Series 2002* – The bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1992 Bonds, which were issued to refund the 1982A & 1982C Bonds, which were issued to finance facilities and equipment for the handling and sorting of packages at FedEx’s central sorting facility.

*Series 1997, dated November 1* - The bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1986 Bonds, which were issued to construct a maintenance facility for Pinnacle Airlines, formerly Express Airlines I, Inc.

*Series 1997, dated July 15* - The bonds were issued to provide funds for the purpose of refunding the outstanding principal balance of the Series 1982B Bonds, which were issued to finance facilities and equipment for the handling and sorting of packages at FedEx’s central sorting facility. Primary additions were container and package handling equipment, document sorting equipment, an engine maintenance facility, an aircraft hangar, a back-up power system, a fire protection system, concrete ramp reinforcement and waterway stabilization, modification to a flight training facility, and miscellaneous related equipment.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL**  
**AND STATE AWARDS**  
YEAR ENDED JUNE 30, 2010

**1. BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal and state awards includes the federal and state grant activity of the Memphis-Shelby County Airport Authority and is presented on the accrual basis of accounting. The information in the schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the presentation of, the financial statements.

**2. CONTINGENCY**

The grant revenue amounts received and expensed are subject to audit and adjustment. If any expenditures are disallowed by the grantor as a result of such an audit, any claim for reimbursement to the grantor would become a liability of the Authority. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal and state laws and regulations.

## Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

The Board of Commissioners and Management  
Memphis-Shelby County Airport Authority

We have audited the financial statements of the Memphis-Shelby County Airport Authority (the "Authority") as of and for the years ended June 30, 2010 and 2009, and have issued our report thereon dated November 2, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### *Internal Control Over Financial Reporting*

In planning and performing our audit, we considered the Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

### *Compliance and Other Matters*

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Commissioners, management, and federal program officials, and the State of Tennessee Comptroller of the Treasury and is not intended to be and should not be used by anyone other than these specified parties.

## Independent Auditors' Report on Compliance with Requirements Applicable to the Major Program and On Internal Control Over Compliance in Accordance with OMB Circular A-133

The Board of Commissioners and Management  
Memphis-Shelby County Airport Authority

### *Compliance*

We have audited the compliance of the Memphis-Shelby County Airport Authority (the "Authority"), with the types of compliance requirements described in the *U.S. Office of Management and Budget ("OMB") Circular A-133 Compliance Supplement* that are applicable to its major federal program for the year ended June 30, 2010. The Authority's major federal program is identified in the summary of auditors' results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to its major federal program is the responsibility of the Authority's management. Our responsibility is to express an opinion on the Authority's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Authority's compliance with those requirements.

In our opinion, the Authority complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2010.

### *Internal Control Over Compliance*

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contract and grants applicable to its federal program. In planning and performing our audit, we considered the Authority's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Commissioners, management, federal program officials, and the State of Tennessee Comptroller of the Treasury and is not intended to be and should not be used by anyone other than these specified parties.

**MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE YEAR ENDED JUNE 30, 2010**

**PART I – SUMMARY OF AUDIT RESULTS**

1. The Independent Auditors' Report on the financial statements of Memphis-Shelby County Airport Authority (the "Authority"), dated November 2, 2010, expressed an unqualified opinion.
2. No significant deficiencies or material weaknesses relating to the audit of the financial statements are reported in the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* (report dated November 2, 2010).
3. No instances of noncompliance considered material to the financial statements were disclosed by the audit.
4. No significant deficiencies or material weaknesses relating to the audit of the major federal award program are reported in the Independent Auditors' Report on Compliance with Requirements Applicable to the Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133 (report dated November 2, 2010).
5. The Independent Auditors' Report on Compliance with Requirements Applicable to the Major Program and On Internal Control Over Compliance in Accordance with OMB Circular A-133, dated November 2, 2010, expressed an unqualified opinion.
6. There were no audit findings relative to the major federal awards program that are required to be reported under Section 510(a) of OMB Circular A-133.
7. The Authority's major program was the Airport Improvement Program (CFDA 20.106).
8. A threshold of \$1,304,000 was used to distinguish between Type A and Type B Programs as those terms are defined in OMB Circular A-133.
9. The Authority qualified as a low-risk auditee as that term is defined in OMB Circular A-133.

**PART II – FINDINGS – FINANCIAL STATEMENTS AUDIT**

None

**PART III – FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARDS**

None
