Should you have questions regarding this RFQ, the RFQ sets forth a process by which you may submit your questions and receive answers. Thank you for your participation in this process. We look forward to receiving your response.

Sincerely,

Nathan Luce, P.E.

1 BACKGROUND

The Authority owns and operates Memphis International Airport, Charles Baker Airport and General DeWitt Spain Airport. Memphis International Airport is located in Shelby County about 13 miles southeast of downtown Memphis. Memphis International Airport is the principal air carrier airport serving west Tennessee, north Mississippi, southeast Missouri, and east Arkansas. Memphis International Airport is also the principal hub for FedEx, which makes it the world’s second busiest cargo airport and the single largest economic engine in the Mid-South.

The Airport is primarily an origin and destination (O&D) airport. Approximately 1.7 million passengers were enplaned at the Airport in the Fiscal Year ending June 30, 2020, a decrease of approximately 24.6% compared to FY 2019. However, this decrease is attributed to the significant downturn in passenger traffic due to the COVID-19 pandemic, which had a devastating impact on the aviation industry worldwide. Traffic has gradually increased since its low point in April 2020.

The Airport is located on 4,640 acres of land in the County and includes a terminal complex of approximately one million square feet, and four other buildings containing approximately 100,000 square feet, which are used by air carriers and all-cargo carriers as transfer facilities for cargo. These buildings are adjacent to the terminal complex and are separate from FedEx facilities that contain approximately 3.5 million square feet and occupy approximately 518 acres.

If applicable, the Authority may also give a preference to businesses operating in the County of Shelby, State of Tennessee, or to businesses with their principal place of business in the Memphis, TN-MS-AR Metropolitan Statistical Area.

6 DISADVANTAGED BUSINESS ENTERPRISE (DBE) REQUIREMENTS

6.1 Overview

The Authority operates a federal Disadvantaged Business Enterprise (DBE) Program and a non-federal Business Diversity Development Program (BDDP) to ensure full and fair opportunities in Authority contracting for businesses owned by socially and economically disadvantaged individuals. The Authority administers both programs according to the regulations that apply to the federal program, primarily 49 CFR Part 26. Because the BDDP program applies to contracts involving non-federal funds, not every aspect of 49 CFR Part 26 is relevant to the BDDP program. In most areas, 49 CFR Part 26 will guide our operation of the BDDP including, but not necessarily limited to, rules dealing with certification and counting participation. Only firms that are certified consistent with 49 CFR Part 26 and by the Authority or the Tennessee Department of Transportation Unified Certification Program, as identified below, will be considered to be certified as a Disadvantaged Business Enterprise.

This section, entitled “Disadvantaged Business Enterprise Requirements” is provided in an effort to assist Respondents. The information contained in this section is not intended to, nor does it, supplement or amend any federal regulation. All Respondents are responsible for compliance with all applicable federal and Authority rules and requirements.

It is a requirement that all Respondents providing services for the Authority take all reasonable steps to ensure that DBEs have a full and fair opportunity to compete for and perform contract work without discrimination on the basis of age, race, sex, color, national origin, creed, religion, sexual orientation or disability. In order to satisfy this requirement, Respondents will be expected to timely submit documentation as identified below and throughout the contract period if selected and cooperate with the Authority. Failure to timely submit requested documentation, cooperate with the Authority or answer inquiries truthfully will be considered a material contract breach and may result in termination.

6.2 Disadvantaged Business Enterprise (DBE) Required Forms

The following documents must be submitted with your response to this solicitation:

6.2.1 DBE Assurance Statement/Letter of Intent

This RFQ involves a process in which the Respondent will be selected without regard to price, and price will be negotiated after that selection. For that reason, each response must be accompanied by a contractually binding Assurance Statement that the Respondent will meet the DBE participation goal or make good faith efforts to do so. The Respondent must list on the Assurance Statement each DBE whose

participation the Respondent is counting toward the DBE goal, whether the DBE is a first, second, third or other tier subcontractor. The form provided in Section 14.1 of this RFQ is the Assurance Statement that must be submitted on Respondent's company letterhead with the response.

Before the Contract is executed by the Parties, the selected Respondent must submit a second statement for each DBE whose participation the Respondent is counting toward the DBE goal, which must be signed by each DBE. For each such statement, the selected Respondent must provide the written quote, proposal or other communication from the DBE upon which the scope of work and dollar value are based. The signed statements must be delivered to the same location that applies to the original solicitation response at a time to be determined by the Authority after the price is negotiated.

The Authority reserves the right to ask questions of the Respondent and to require additional information at any time and as it determines necessary, in its sole discretion, to ensure that all applicable federal regulations and Authority rules, regulations, and policies are followed as it relates to DBE participation.

6.2.2 Respondent DBE Goals Accomplishment Statement

The form provided in Section 14.2 must be submitted on Respondent's company letterhead.

6.2.3 Information on All Firms Providing Responses

The form provided in Section 14.3 must be completed by respondent.

6.3 *Disadvantaged Business Enterprise (DBE) Voluntary Form*

We ask, but do not require, that each Respondent submit the following information with the response to this solicitation:

6.3.1 Voluntary Disclosure of Respondent Data

If submitted, the form provided in Section 14.4 must be completed by respondent.

6.4 *Definition of Socially and Economically Disadvantaged*

The rules that govern eligibility and certification of DBE are found generally at 49 CFR Part 26.5 and 26.61 through 26.73. These rules define a DBE as a for-profit, small business concern which is at least fifty-one percent (51%) owned and controlled by one or more socially and economically disadvantaged individuals. In the case of any publicly owned business, at least fifty-one percent (51%) of the stock must be owned by one or more socially and economically disadvantaged individuals. In addition, the personal net worth of the socially and economically disadvantaged owners of the small business concern must not exceed one million three hundred twenty thousand dollars (\$1,320,000).

As defined by 49 CFR, Part 26.5, a socially and economically disadvantaged individual is any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is:

- (1) Any individual who a recipient finds to be a socially and economically disadvantaged individual on a case-by-case basis.
- (2) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:
 - a. **Black Americans** which include persons having origins in any of the Black racial groups of Africa;
 - b. **Hispanic Americans** which include persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - c. **Native Americans** which include persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
 - d. **Asian-Pacific Americans** which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U. S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;
 - e. **Subcontinent Asian Americans** which include persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal, or Sri Lanka;
 - f. **Women;**
 - g. Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

6.5 DBE Liaison Officer

The DBE Liaison Officer is responsible for developing, implementing, and monitoring the DBE program on a day-to-day basis in coordination with other appropriate officials; carrying out technical assistance for a DBE; and, disseminating information on available business opportunities so that a DBE is provided an equitable opportunity to bid on Authority contracts. The DBE Liaison Officer reports directly to the President of the Authority. For questions or information related to the DBE program, contact Joe Claiborne, the Senior Manager of Business Diversity Development at (901) 922-0255.

6.6 DBE Certification

The Authority certifies all of its DBEs through internal processes. The Authority compiles a directory of firms who have met the Authority's selection criteria for eligibility as a DBE, including 49 CFR Part 26. You can review the directory of certified firms for the Authority at our website

www.flymemphis.com or obtain a copy of the directory by calling the Business Diversity Department at (901) 922-0255. The Tennessee Department of Transportation Unified Certification Program (TNUCP) is a cooperative of entities which are recipients of federal funds that have developed a “one-stop shop” for certification throughout the State of Tennessee, of which the Authority is a certifying member. In order to be considered as meeting the DBE goal for this Contract, each business wishing to participate as a DBE or a joint venture DBE, must either be:

- a. **Certified by the Authority or the TNUCP** in accordance with 49 CFR Part 26, or;
- b. **Received affirmation from the Authority or the TNUCP** that their certification from another entity is consistent with and acceptable to the Authority or the TNUCP.

Persons or entities who consider themselves a DBE but who are not certified by Authority or the TNUCP as a DBE or have not received affirmation from the Authority or the TNUCP that their certification from another entity is consistent with and acceptable to the Authority or the TNUCP will not be considered. Unless a firm meets the criteria above by the time the responses to this solicitation are due, its participation will not be considered as meeting the DBE goal in the solicitation. Each business wishing to participate as a DBE, or a joint venture DBE must be certified by the time the responses are due.

6.7 Identification of Contract Goal and Requirements

For this Contract, the DBE goal is established as 35%. In order to be responsive, a Respondent must either meet the goal or make good faith efforts to do so. Good faith efforts are defined in Appendix A to 49 CFR Part 26 and discussed in the following section.

If a Respondent’s DBE Assurance Statement proposes a DBE percentage less than the established goal, the Respondent must, at the time of making the response, submit appropriate documentation justifying its submitted DBE percentage. The Authority reserves the right to request additional documentation or information from Respondent regarding its DBE Assurance Statement and; if applicable, any good faith efforts documentation. If the Authority enters into a contract based on the Respondent’s DBE Goals Accomplishment Statement and documentation, the DBE percentage accepted by the Authority will become a contractual requirement. If the Respondent’s DBE Assurance Statement proposes to attain a DBE percentage higher than the established goal, the established goal will remain the contractual requirement.

Respondents shall not contract with, demand, require or coerce a DBE into any agreement or into the signing of any Assurance Statement or any other document which prohibits the DBE from providing subcontracting quotations or doing business with other Respondents. The DBE shall be free to provide their services to any number of Respondents. To ensure that all obligations under sub-contracts awarded to a DBE are met, the Authority will review the agreement between the Respondent and DBE, and Respondent’s DBE involvement efforts during the performance of the Contract. The Respondent shall bring to the attention of the Authority any situation in which regularly scheduled progress payments are not made to a DBE. If, in the opinion of the Authority, the Respondent has made significant deviations from the DBE program commitments, it shall be considered a breach of contract.

6.8 Good Faith Efforts Statement and Requirements

In order to be responsive, Respondents must either meet the DBE goal or make good faith efforts to meet the goal. Respondents who do not meet the goal must establish adequate good faith efforts by submitting documentation along with the Respondent DBE Goals Accomplishment Statement. This statement should show that they took all necessary and reasonable steps to achieve the DBE goal, which could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful. The Respondent's DBE Goals Accomplishment Statement and supporting documents should conform to the good faith requirements outlined in Appendix A of 49 CFR Part 26.

The following is a list of types of actions that may be part of a Respondent's efforts to obtain DBE participation and may be included in the Respondent DBE Goals Accomplishment Statement and documentation. This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases:

- a. Soliciting through all reasonable and available means (e.g., attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified as a DBE who have the capability to perform the work of the Contract. The Respondent must solicit this interest within sufficient time to allow the DBE to respond to the solicitation and take appropriate steps to follow-up initial solicitations to determine interest.
- b. Selecting portions of the work to be performed by a DBE in order to increase the likelihood that the goals of the DBE will be achieved.
- c. Providing any interested DBE with adequate information about the plans, specifications, and requirements of the Contract in a timely manner to assist them in responding to a solicitation.
- d. Negotiating in good faith with any interested DBE. It is the Respondent's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation.
- e. Not rejecting any DBE as being unqualified without sound reasons based on a thorough investigation of their capabilities.
- f. Making efforts to assist any interested DBE in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.
- g. Making efforts to assist any interested DBE in obtaining necessary equipment, supplies, materials, or related assistance or services.
- h. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of any DBE.
- i. Making efforts to identify and assist eligible firms, which are not yet certified by the Authority or the TNUCP as a DBE, to obtain certification. These types of efforts will have special weight where it appears that the relevant firms will be certified in time for the execution of the Contract.

If a Respondent has not met the DBE goal and submits Respondent DBE Goals Accomplishment Statement and documentation, the Respondent should summarize in detail all good faith efforts taken by the Respondent, including, but not limited to, the activities listed above in A through I, and supporting documentation. While the Respondent should submit documentation to support its good faith efforts at the time of the Response submission, the Authority may ask questions of Respondent or request additional documentation after review of Respondent's DBE Goals Accomplishment Statement and any documentation. In submitting the information required under this section, Respondent understands and agrees that the determination of whether Respondent has met the DBE goal or established good faith efforts to meet the goal is a judgment call that the Authority will make.

6.9 Counting DBE Participation

DBE participation shall be counted toward meeting the DBE goal as outlined in 49 CFR Part 26, especially 26.55. When the Respondent completes an Assurance Statement, the Respondent must include not only the total value of the work to be performed and/or the materials to be supplied by the DBE but also the total amount of DBE participation that should be counted toward meeting the goal. For example, if a DBE is a regular dealer or supplier of pipe but does not install the pipe, then the Respondent can generally count the dollar value spent on the pipe at 60%. This would mean that if the DBE was supplying \$100,000 of pipe, then the contract amount would be \$100,000 but the total amount of DBE participation would be \$60,000 for counting and meeting the goal purposes. If you have any questions about counting, we strongly urge you to consult 49 CFR Part 26. The following may be helpful to you in counting DBE participation and in determining which sections of Part 26.55 you need to review in more detail:

- a. When a DBE participates in a contract or subcontract, the provider will count only the value of the work actually performed by the DBE toward the DBE goals. In a construction contract (and other similar contracts), this will include the work performed by the DBE's own forces and supplies purchased or equipment leased by the DBE as described below, especially (d) (but not supplies or equipment the DBE subcontractor purchases from the prime contractor or its affiliate.) The Respondent will count the entire amount of fees or commissions charged by a DBE for providing a bona fide service toward goals provided that we determine the fees to be reasonable and not excessive. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is itself a DBE.
- b. When a DBE performs as a participant in a joint venture, the Respondent will count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals.
- c. The Respondent will count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract. A DBE performs a commercially useful function when it is responsible for execution of the work of the contract or subcontract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a DBE is performing a commercially useful function, the Respondent will evaluate industry practices, the

amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with work it is actually performing, and the DBE credit claimed for its performance of the work, and other relevant factors. The Respondent will determine questions of commercially useful function with regard to trucking companies under 49 CFR Part 26.55 (d).

- d. The Respondent will count expenditures with the DBE for materials or supplies toward DBE goal in the manner described in 49 CFR Part 26.55 (e). Please review Part 26.55(e) carefully. It is important to note that the rule counts expenditures differently based upon whether the DBE is a manufacturer as defined by the rule (normally counted at 100% percent of the cost), a regular dealer as defined by the rule (normally counted at 60% of the cost) or neither of the two (normally counted at the entire amount of fees or commissions, or fees or transportation charges, provided they are reasonable). It is important to note that materials and supplies provided by a DBE that is not a regular dealer in those materials and supplies do not count toward meeting the goal. For example, if the DBE is a regular dealer of piping, the DBE cannot purchase office equipment and then supply that office equipment to the prime and count any portion of the cost of the office equipment toward meeting the goal. Such conduct for DBE counting purposes is prohibited by the rules and is considered to be an impermissible and illegal pass-through.
- e. If a firm is not currently certified as a DBE, in accordance with the standards of subpart D of this part, at the time of the execution of the contract, the Respondent will not count the Firm's participation toward any DBE goals, except as provided for in 49 CFR Part 26.87(i).
- f. The Respondent will not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward any goals except as provided in 49 CFR Part 26.87(j).
- g. The Respondent will not count the participation of a DBE subcontractor toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

6.10 Sanctions for Non-Compliance

In case of the Respondent's non-compliance with DBE and/or BDDP requirements as applicable, including, but not limited to, documentation, cooperation, and truthfulness, the Authority shall impose such Contract sanctions as it may determine to be appropriate. This may include but is not limited to:

- a. Withholding of payments to the Respondent under the Contract until the Respondent complies; and/or
- b. Cancellation, termination, or suspension of the Contract, in whole or in part; and/or
- c. Payment by the Respondent to the Authority of an amount equal to the difference in the DBE dollar value contracted for and the dollar value achieved in documented DBE participation, or any lesser amount or penalty as deemed appropriate by the Authority, which dollar value shall be considered liquidated damages for failure to perform the

requirements of the Contract and for which Respondent and all of its subcontractors agree to be bound.

6.11 Prompt Payment / Retainage

The successful Respondent agrees to pay each subcontractor under this prime contract for invoices submitted or normal progress payments for work completed satisfactorily or supplies provided satisfactorily pursuant to its contract and no later than fifteen (15) days from the receipt of each payment it receives from the Authority.

There is no retainage or other sums allowed to be withheld from progress payments or any other payments, and any exceptions to this prompt pay/retainage provision must be requested in writing by the successful Respondent and approved in writing by an Authority Vice-President or higher, prior to the delay or withholding of any payments under this provision.

The successful Respondent will include the following paragraphs in all contracts and/or agreements related to the work under the Contract with subcontractors or suppliers and will require all its subcontractors and suppliers to include the following paragraphs in any contracts and/or agreements related to the work under the Contract with any other third parties and any other lower tier subcontractors or suppliers:

“It is understood and agreed by all involved parties that payment for work completed satisfactorily, or supplies provided satisfactorily will be made to the appropriate party no later than fifteen (15) days from receipt of payment for that work or those supplies.

There is no retainage or other sums allowed to be withheld from progress payments or any other payments and any exceptions to this prompt pay/retainage provision must be requested in writing to the Authority and approved in writing by an Authority Vice-President or higher prior to the delay or withholding of any payments under this provision.”

6.12 49 CFR Part 26

The Respondent shall carry out the applicable requirements of 49 CFR Part 26 in the award and administration of Authority contracts. Respondent agrees to provide all its subcontractors and suppliers and to require all its subcontractors and suppliers on this project to provide a complete copy of the **Disadvantaged Business Enterprise (DBE) Requirements** of the Contract to all those who provide supplies or work related to the Contract and to require all those providing supplies or work to be bound by these requirements as it relates to their work related to the Contract.

7 INSURANCE REQUIREMENTS

The successful Respondent shall submit evidence of required insurance on an original ACORD certificate or comparable insurance certificate form(s) acceptable to the Authority, with required endorsements attached, the earlier of fifteen (15) working days following award notification or prior to the scheduled commencement of work. Failure to submit the required document(s) may result in rescinding the award. The Contract may thereafter be awarded to the next qualified Respondent. A certificate of insurance is not required at the time

of the response; however, an approved insurance certificate and amendatory endorsements are required to be on file prior to the start of the work. In addition, a copy of the policy or policies shall be provided by the successful Respondent upon request.

The insurance requirements are established in Section 18 of the Sample Contract, which is set forth in Section 15 below.

8 SECURITY AND ACCESS

8.1 General Requirements

The successful Respondent shall comply with all Airport Security requirements concerning access to restricted areas of the buildings or airfield. Access to certain areas of the buildings may be restricted to off-peak working or operational hours or other reasons, and the Respondent will conduct their work accordingly. If the Authority determines that any employee(s) of the successful Respondent should not work on the Authority' property or on the Contract, the successful Respondent will immediately comply with the Authority's request to remove employee(s).

The successful Respondent and all employees performing duties under the Contract shall conform to all applicable aviation security procedures regarding the issue, wearing, replacement, and return of personal identification badges, as defined in the Airport Security Program (available through the Airport Identification Office) approved by the Transportation Security Administration (TSA) and amended from time to time.

All employees working under the Contract will be required to display on their person, at all times while on duty, an identification badge issued by the Authority. Identification badges will be worn on the outermost garment above the waist.

The successful Respondent will provide the Authority with a badge application signed by the certifying official of the successful Respondent.

Prior to the issuance of the airport identification badge, an airport badge application must be prepared and submitted to the Airport Identification Office. The application form for airport identification will be provided by the Authority and properly completed by the successful Respondent.

All employees must be able to meet the requirements of the TSA in order to receive an airport identification badge. Individuals will be issued a badge by the Airport Identification Office only after they have met all necessary security and training requirements including the appropriate certifications of the fingerprint-based background check and the Security Threat Assessment. The successful Respondent shall be responsible for the following fees:

- Initial Authority photo identification badge \$62.00 Each

Above fees are subject to increase during the Contract term.

In order to ensure control and accountability of airport identification badges, the successful Respondent will notify the Authority of the termination of any employee immediately and submit written notification of badge status of terminated employees within twenty-four (24) hours to the Security Access Supervisor, Airport Identification Office. The Airport Identification Office shall be immediately notified if the badge is not recovered for any reason. Failure to recover the identification badge and return it to the Airport Identification Office will result in a one-hundred-dollar (\$100.00) fee assessed to the successful Respondent. The successful Respondent will also receive a Monthly Status Report and will verify accuracy of that report on a monthly basis.

ID badges reported lost or stolen must be thoroughly investigated and closely scrutinized. Replacement ID badges may be issued only upon written request from the Respondent. Such request must be on Company letterhead, stating the circumstances surrounding the loss, and be signed by an authorized Company representative on file with the Airport Identification Office. Replacement fees for lost or stolen badges will be:

- First replacement \$100.00
- Second replacement \$150.00
- Third replacement* \$200.00

*Requires approval of the Director of Operations and Public Safety

8.2 Security Checkpoint Procedures

Security Checkpoints are located throughout the MEM terminal building. These checkpoints prevent access to certain “restricted” areas. Personnel must have the proper photo identification badge, as described in Section 8 Security and Access, in order to access areas beyond these checkpoints.

8.3 Operations of Others

During the time that successful Respondent is performing under the Contract, other persons may be engaged in other operations on or about the work site, including facility operations, pedestrian, bus, and vehicular traffic and other contractors performing at the work site, all of which shall remain uninterrupted.

The successful Respondent shall so plan and conduct its operations to work in harmony with others engaged at the site and not to delay, endanger, or interfere with the operations of others, whether or not specifically mentioned above, and in the best interests of the Authority. All operations should be conducted in a manner that ensures the safety and well-being of others.

THIS CONTRACT made and entered into this [day] day of [month], [year], (the “Contract” or “Agreement”), by and between [VENDOR NAME] (“Company” or “Contractor”) and **Memphis-Shelby County Airport Authority**, a body politic and corporate organized and existing under and by virtue of the laws of the State of Tennessee, (“Authority” or “Sponsor” or “Owner”). The Authority and the Company may be referred to herein individually as a “Party” and collectively as the “Parties”.

WITNESSETH THAT:

For and in consideration of the mutual promises, covenants, and stipulations of each Party to the other, the Company agrees to provide the Authority with services on the terms and conditions set forth herein as follows:

1 PERFORMANCE

Company shall provide DBE Consulting Services to the Authority in accordance with the Scope of Services (“Scope of Services”), which is attached hereto as Exhibit A and incorporated herein by reference. The Authority and the Company agree that from time to time it may be necessary to add to, delete from, or amend the Scope of Services in order to better meet the needs of the Authority, as determined by the Authority in its sole discretion. - c. Upon the levy of any attachment or execution of any process of a court of competent jurisdiction which does or will interfere with Company's performance under this Contract, and which attachment, execution, or other process of such court is not enjoined, vacated, dismissed, or set aside within a period of thirty (30) days; or

Upon the occurrence of any one or more of the events as set forth above, or upon any other default or breach of this Contract by Company, the Authority may, at the Authority's sole option, exercise concurrently or successively, any one or more of the following rights and remedies without waiving such default or breach:

- a. Interplead funds to a court or pay any sum required to be paid by Company to parties other than the Authority, and which Company has incurred in connection with this Contract and failed to pay. Any amount so paid in good faith by the Authority, together with interest thereon at the maximum rate provided by law from the date of such payment, and all expenses connected therewith shall be repaid by Company to the Authority on demand; or

7 RIGHTS AND REMEDIES CUMULATIVE AND NOT EXCLUSIVE

All rights and remedies granted to Authority herein and any other rights and remedies which Authority may have at law and in equity are hereby declared to be cumulative and not exclusive, and the fact that Authority

may have exercised any remedy without terminating this Contract shall not impair Authority's rights thereafter to terminate or to exercise any other remedy herein granted or to which Authority may be otherwise entitled.

8 RECOVERY OF FEES AND EXPENSES

In the event of any claim or other matter in question between the Authority and Company arising out of, or relating to, this Contract or the breach thereof and in addition to any other remedies or recoveries provided herein, the Company shall be liable for and shall promptly reimburse the Authority for any cost or expense incurred by the Authority, including fees and expenses of its attorneys, consultants, and experts, as a result of (i) Company's failure to perform in accordance with the terms of this Contract; (ii) breach of the warranties and guaranties set forth in this Contract; or (iii) any successful action taken by the Authority to enforce the terms of this Contract.

9 WAIVER

Waiver by the Authority of any term, covenant, or condition hereof shall not operate as a waiver of any subsequent breach of the same or of any other term, covenant, or condition. No term, covenant, or condition of this Contract can be waived except by written consent of Authority, and forbearance or indulgence by Authority in any regard whatsoever shall not constitute a waiver of same to be performed by Company to which the same may apply and, until complete performance by Company of the term, covenant, or condition, Authority shall be entitled to invoke any remedy available to it under this Contract or by law despite any such forbearance or indulgence.

10 FORCE MAJEURE

Neither Party shall be liable for any failure or delay in performance under this Contract (other than for delay in the payment of money due and payable hereunder) to the extent said failures or delays are proximately caused (i) by causes beyond that Party's reasonable control and (ii) occurring without its fault or negligence, including, without limitation, failure of suppliers, subcontractors, and carriers, or Party to substantially meet its performance obligations under this Contract, provided that, as a condition to the claim of non-liability, the Party experiencing the difficulty shall give the other prompt written notice, with full details following the occurrence of the cause relied upon. Dates by which performance obligations are scheduled to be met will be extended for a period of time equal to the time lost due to any delay so caused; however, such delays shall not be grounds for an adjustment in Compensation.

11 ASSIGNMENT

The Company shall not assign the Contract or any part hereof or any monies due or to become due hereunder without the prior written approval of the Authority.

12 SUCCESSORS AND ASSIGNS

The Authority and the Company each binds itself and its partners, successors, executors, administrators and assigns, to the other Party of this Contract and to the partners, successors, executors, administrators, and assigns of such other Party with respect to all covenants, terms, provisions, and conditions of this Contract. Neither the Authority nor the Company shall assign, sublet, or transfer its interest in this Contract without the prior written consent of the other; provided, however, that claims for money due, or to become due the

Company from the Authority under this Contract may be assigned to a bank, trust company, or other financial institution, or to a Trustee in Bankruptcy, without such approval. Notice of such assignment or transfer shall be furnished promptly in writing to the Authority. Except as provided for above, if Company should subcontract, assign, or transfer any part of Company's interests or obligations under this Contract without the prior written approval of Authority, it shall constitute a material breach of this Contract.

13 INDEPENDENT COMPANY

Company is an independent contractor with respect to all services performed under this Contract. Company accepts full and exclusive liability for the payment of any and all premiums, contributions, or taxes for workers' compensation, Social Security, unemployment benefits, or other employee benefits now or hereinafter imposed under any state or federal law which are measured by the wages, salaries, or other remuneration paid to persons employed by Company on work performed under the terms of this Contract. Company shall defend, indemnify, save, and hold harmless the Authority from any claims or liability for such contributions, benefits or taxes. Nothing contained in this Contract, nor any act of the Authority or Company, shall be deemed or construed to create any third-party beneficiary or principal and agent association or relationship with the Authority. The Company is not the Authority's agent, and the Company has no authority, express, apparent or otherwise, to take any action or execute any documents on behalf of the Authority.

14 NO FINANCIAL INTEREST

The indemnity set forth in this section shall survive the expiration or earlier termination of this Contract.
- b. When the Company is obligated to provide the Authority a defense hereunder, it shall do so with qualified counsel that is selected by the Company and approved by the Authority. Such approval shall not be unreasonably withheld. In light of the Authority and the Company's continuing relationship, however, the potential for conflicts of interests exists if the same counsel represents both the Authority and the Company when the Company accepts the Authority's tender of defense under the indemnity provision of this Agreement. Therefore, the Authority retains the right to select its own counsel from a list of qualified attorneys provided by the Company or the Company's insurer. The selected counsel's fees and expenses

shall be paid for by the Company or its insurer, and the counsel shall be different from that selected by the Company to represent it in the same matter.

Company agrees that it is Company's responsibility to identify its own risks and protect itself accordingly and understands that the Authority accepts no liability for any such uninsured risks howsoever arising.

The insurance requirements set forth in minimum amounts shall not be construed to relieve Company for liability in excess of such coverage, nor shall it preclude the Authority from taking such other actions as is available to it under any other

provision of the Contract. Any acceptance of certificates of insurance by the Authority shall in no way limit or relieve Company of its duties and responsibilities under the Contract, including the duty to indemnify and hold harmless the Authority.
