The Procurement Department is responsible for coordinating all communications between the Authority and Respondents. Please review the RFP carefully and abide by all required deadlines, dates, and terms.

The Authority also reserves the right to reject any response when a parent, subsidiary, affiliate, or predecessor in interest of the Respondent has pending litigation or claims with the Authority, or if any response includes a proposed subcontractor or supplier that has pending litigation or claims with the Authority, if the Authority determines, in its sole discretion, such litigation or claims may adversely affect the ability of the parties to work efficiently and effectively under this RFP, or for any other reason as determined by the Authority. No Respondent may withdraw an opened Response without the Authority's consent.

The Authority shall give a preference to businesses located in or near the County of Shelby, State of Tennessee in awarding contracts and making purchases whenever the application of such a preference is reasonable in light of the valuation points/dollar-value of the proposal/bid received in relation to such valuation points/expenditures and pursuant to the terms and conditions that are outlined in the adopted policy as amended.

1 BACKGROUND

The Authority owns and operates Memphis International Airport (MEM), Charles Baker Airport and General DeWitt Spain Airport. Memphis International Airport is located in Shelby County about 13 miles southeast of downtown Memphis. Memphis International Airport is the principal air carrier airport serving west Tennessee, north Mississippi, southeast Missouri, and east Arkansas. Memphis International Airport is also the principal hub for FedEx, making MEM the world’s busiest cargo airport and the single largest economic engine in the Mid-South.

The Airport is primarily an origin and destination (O&D) airport. Approximately 1.3 million passengers were enplaned at the Airport in the Fiscal Year ending June 30, 2021, a decrease of approximately 26.7% compared to FY 2020. However, this decrease is attributed to the significant downturn in passenger traffic due to the COVID-19 pandemic, which had a devastating impact on the aviation industry worldwide. Traffic has gradually increased since its low point in April 2020.

The Airport is located on 4,640 acres of land in the County and includes a terminal complex of approximately one million square feet, and four other buildings containing approximately 100,000 square feet, which are used by air carriers and all-cargo carriers as transfer facilities for cargo. These buildings are adjacent to the terminal complex and are separate from FedEx facilities that contain approximately 3.5 million square feet and occupy approximately 518 acres.

6 DISADVANTAGED BUSINESS ENTERPRISE (DBE) REQUIREMENTS

6.1 Overview

The Authority operates a federal Disadvantaged Business Enterprise (DBE) Program and a non-federal Business Diversity Development Program (BDDP) to ensure full and fair opportunities in Authority contracting for businesses owned by socially and economically disadvantaged individuals. The Authority administers both programs according to the regulations that apply to the federal program, primarily 49 CFR Part 26. Because the BDDP program applies to contracts involving non-federal funds, not every aspect of 49 CFR Part 26 is relevant to the BDDP program. In most areas, 49 CFR Part 26 will guide our operation of the BDDP including, but not necessarily limited to, rules dealing with certification and counting participation. Only firms that are certified consistent with 49 CFR Part 26 and by the Authority or the Tennessee Department of Transportation Unified Certification Program, as identified below, will be considered to be certified as a Disadvantaged Business Enterprise.

This section, entitled “Disadvantaged Business Enterprise Requirements” is provided in an effort to assist Respondents. The information contained in this section is not intended to, nor does it, supplement or amend any federal regulation. All Respondents are responsible for compliance with all applicable federal and Authority rules and requirements.

It is a requirement that all Respondents providing services for the Authority take all reasonable steps to ensure that DBEs have a full and fair opportunity to compete for and perform contract work without discrimination on the basis of age, race, sex, color, national origin, creed, religion, sexual orientation or disability. In order to satisfy this requirement, Respondents will be expected to timely submit documentation as identified below and throughout the contract period if selected and cooperate with the Authority. Failure to timely submit requested documentation, cooperate with the Authority or answer inquiries truthfully will be considered a material contract breach and may result in termination.

6.2 Disadvantaged Business Enterprise (DBE) Required Forms

The following documents must be submitted with your response to this solicitation:

6.2.1 DBE Assurance Statement/Letter of Intent

The Respondent must submit an Assurance Statement for each DBE whose participation the Respondent is counting toward the goal. This may include first, second, third and so on tier subcontractors, and the Respondent and all subcontractors between the Respondent and the DBE should sign the Assurance Statement. The Respondent must submit the form provided in Section 15.1 below on Company Letterhead.

For each Assurance Statement, the Respondent must also provide the written quote or proposal from the DBE or other communication from the DBE upon which the scope of work and dollar value contained in your Assurance Statement is based (“quote/proposal”).

For all RFP’s using federal monies, the Assurance Statement(s) must still be submitted and list the DBEs to be used and their scope of work, but no dollar amount(s) is entered. Dollar amount(s) will be submitted by the successful Respondent upon completion of the selection process.

All portions of the Assurance Statement must be completed (including the description of work, the estimated contract amount, and the estimated dollar value of DBE participation for counting and goal purposes) before the Assurance Statement is signed by either the DBE or the Respondent. If the DBE’s, and if applicable the 2nd/3rd Tier Subcontractor’s, signature(s) can be obtained on the completed Assurance Statement before the bid submission deadline, the Respondent should submit the fully-completed and fully-signed Assurance Statement. If the Respondent submits an Assurance Statement that is completed except for the DBE’s, and if applicable, the 2nd/3rd Tier Subcontractor’s signature(s) and a quote/proposal from the DBE as described above, the Respondent will be given 24 hours from the bid submission deadline to submit the completed Assurance Statement signed by the DBE and, if applicable, the 2nd/3rd Tier Subcontractor. Each Assurance Statement submitted during this 24-hour window must conform to the previously submitted Assurance Statement except for DBE signature. These signed Assurance Statements must be submitted pursuant to the same location and time restrictions that applied to the solicitation response and late signed Assurance Statements will only be accepted for good cause as determined solely by the Authority.

The Authority reserves the right to ask questions of the Respondent, investigate and require additional information as it determines necessary in its sole discretion to ensure that the regulations and the Authority’s rules are followed as it relates to DBE participation.

6.2.2 Respondent DBE Goals Accomplishment Statement

The form provided in Section 15.2 must be submitted on Respondent’s company letterhead.

6.2.3 Information on All Firms Providing Responses

The form provided in Section 15.3 must be completed by respondent.

6.3 Disadvantaged Business Enterprise (DBE) Voluntary Form

We ask, but do not require, that each Respondent submit the following information with the response to this solicitation:

6.3.1 Voluntary Disclosure of Respondent Data

If submitted, the form provided in Section 15.4 must be completed by respondent.

6.4 Definition of Socially and Economically Disadvantaged

The rules that govern eligibility and certification of DBE are found generally at 49 CFR Part 26.5 and 26.61 through 26.73. These rules define a DBE as a for-profit, small business concern which is at least fifty-one percent (51%) owned and controlled by one or more socially and economically disadvantaged individuals. In the case of any publicly owned business, at least fifty-one percent (51%) of the stock must be owned by one or more socially and economically disadvantaged individuals. In addition, the personal net worth of the socially and economically disadvantaged owners of the small business concern must not exceed one million three hundred twenty thousand dollars (\$1,320,000).

As defined by 49 CFR, Part 26.5, a socially and economically disadvantaged individual is any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is:

- (1) Any individual who a recipient finds to be a socially and economically disadvantaged individual on a case-by-case basis.
- (2) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:
 - a. **Black Americans** which includes persons having origins in any of the Black racial groups of Africa;
 - b. **Hispanic Americans** which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - c. **Native Americans** which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
 - d. **Asian-Pacific Americans** which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U. S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;

- e. **Subcontinent Asian Americans** which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;
- f. **Women;**
- g. Any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

6.5 DBE Liaison Officer

The DBE Liaison Officer is responsible for developing, implementing, and monitoring the DBE program on a day-to-day basis in coordination with other appropriate officials; carrying out technical assistance for a DBE; and, disseminating information on available business opportunities so that a DBE is provided an equitable opportunity to bid on Authority contracts. The DBE Liaison Officer reports directly to the President of the Authority. For questions or information related to the DBE program, contact Joe Claiborne, the Senior Manager of Business Diversity Development at (901) 922-0255.

6.6 DBE Certification

The Authority certifies all of its DBE's through internal processes. The Authority compiles a directory of firms who have met the Authority's selection criteria for eligibility as a DBE, including 49 CFR Part 26. You can review the directory of certified firms for the Authority at our website www.flymemphis.com or obtain a copy of the directory by calling the Business Diversity Department at (901) 922-0255. The Tennessee Department of Transportation Unified Certification Program (TNUCP) is a cooperative of entities which are recipients of federal funds that have developed a "one-stop shop" for certification throughout the State of Tennessee, of which the Authority is a certifying member. In order to be considered as meeting the DBE goal for this Contract, each business wishing to participate as a DBE or a joint venture DBE, must either be:

- a. **Certified by the Authority or the TNUCP** in accordance with 49 CFR Part 26, or;
- b. **Received affirmation from the Authority or the TNUCP** that their certification from another entity is consistent with and acceptable to the Authority or the TNUCP.

Persons or entities who consider themselves a DBE but who are not certified by Authority or the TNUCP as a DBE, or have not received affirmation from the Authority or the TNUCP that their certification from another entity is consistent with and acceptable to the Authority or the TNUCP will not be considered. Unless a firm meets the criteria above by the time the responses to this solicitation are due, its participation will not be considered as meeting the DBE goal in the solicitation. Each business wishing to participate as a DBE or a joint venture DBE must be certified by the time the responses are due.

6.7 Identification of Contract Goal and Requirements

For this Contract, the DBE goal is established as 44 %. In order to be responsive, a Respondent must either meet the goal or make good faith efforts to do so. Good faith efforts are defined in Appendix A to 49 CFR Part 26 and discussed in the following section.

If a Respondent's DBE Assurance Statement proposes a DBE percentage less than the established goal, the Respondent must, at the time of making the response, submit appropriate documentation justifying its submitted DBE percentage. The Authority reserves the right to request additional documentation or information from Respondent regarding its DBE Assurance Statement and; if applicable, any good faith efforts documentation. If the Authority enters into a contract based on the Respondent's DBE Goals Accomplishment Statement and documentation, the DBE percentage accepted by the Authority will become a contractual requirement. If the Respondent's DBE Assurance Statement proposes to attain a DBE percentage higher than the established goal, the established goal will remain the contractual requirement.

Respondents shall not contract with, demand, require or coerce a DBE into any agreement or into the signing of any Assurance Statement or any other document which prohibits the DBE from providing subcontracting quotations or doing business with other Respondents. The DBE shall be free to provide their services to any number of Respondents. To ensure that all obligations under sub-contracts awarded to a DBE are met, the Authority will review the agreement between the Respondent and DBE, and Respondent's DBE involvement efforts during the performance of the Contract. The Respondent shall bring to the attention of the Authority any situation in which regularly scheduled progress payments are not made to a DBE. If, in the opinion of the Authority, the Respondent has made significant deviations from the DBE program commitments, it shall be considered a breach of contract.

6.8 Good Faith Efforts Statement and Requirements

In order to be responsive, Respondents must either meet the DBE goal or make good faith efforts to meet the goal. Respondents who do not meet the goal must establish adequate good faith efforts by submitting documentation along with the Respondent DBE Goals Accomplishment Statement. This statement should show that they took all necessary and reasonable steps to achieve the DBE goal, which could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful. The Respondent's DBE Goals Accomplishment Statement and supporting documents should conform to the good faith requirements outlined in Appendix A of 49 CFR Part 26.

The following is a list of types of actions that may be part of a Respondent's efforts to obtain DBE participation and may be included in the Respondent DBE Goals Accomplishment Statement and documentation. This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases:

- a. Soliciting through all reasonable and available means (e.g. attendance at pre-bid meetings, advertising and/or written notices) the interest of all certified as a DBE who have the capability to perform the work of the Contract. The Respondent must solicit this interest within sufficient time to allow the DBE to respond to the solicitation and take appropriate steps to follow-up initial solicitations to determine interest.

- b. Selecting portions of the work to be performed by a DBE in order to increase the likelihood that the goals of the DBE will be achieved.
- c. Providing any interested DBE with adequate information about the plans, specifications, and requirements of the Contract in a timely manner to assist them in responding to a solicitation.
- d. Negotiating in good faith with any interested DBE. It is the Respondent's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation.
- e. Not rejecting any DBE as being unqualified without sound reasons based on a thorough investigation of their capabilities.
- f. Making efforts to assist any interested DBE in obtaining bonding, lines of credit, or insurance as required by the recipient or contractor.
- g. Making efforts to assist any interested DBE in obtaining necessary equipment, supplies, materials, or related assistance or services.
- h. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; local, state, and Federal minority/women business assistance offices; and other organizations as allowed on a case-by-case basis to provide assistance in the recruitment and placement of any DBE.
- i. Making efforts to identify and assist eligible firms, which are not yet certified by the Authority or the TNUCP as a DBE, to obtain certification. These types of efforts will have special weight where it appears that the relevant firms will be certified in time for the execution of the Contract.

If a Respondent has not met the DBE goal and submits Respondent DBE Goals Accomplishment Statement and documentation, the Respondent should summarize in detail all good faith efforts taken by the Respondent, including, but not limited to, the activities listed above in A through I, and supporting documentation. While the Respondent should submit documentation to support its good faith efforts at the time of the Response submission, the Authority may ask questions of Respondent or request additional documentation after review of Respondent's DBE Goals Accomplishment Statement and any documentation. In submitting the information required under this section, Respondent understands and agrees that the determination of whether Respondent has met the DBE goal or established good faith efforts to meet the goal is a judgment call that the Authority will make.

6.9 Counting DBE Participation

DBE participation shall be counted toward meeting the DBE goal as outlined in 49 CFR Part 26, especially 26.55. When the Respondent completes an Assurance Statement, the Respondent must include not only the total value of the work to be performed and/or the materials to be supplied by the DBE but also the total amount of DBE participation that should be counted toward meeting the goal. For example, if a DBE is a regular dealer or supplier of pipe but does not install the pipe, then the Respondent can generally count the dollar value spent on the pipe at 60%. This would mean that if the DBE was supplying \$100,000 of pipe then the contract

amount would be \$100,000 but the total amount of DBE participation would be \$60,000 for counting and meeting the goal purposes. If you have any questions about counting, we strongly urge you to consult 49 CFR Part 26. The following may be helpful to you in counting DBE participation and in determining which sections of Part 26.55 you need to review in more detail:

- j. When a DBE participates in a contract or subcontract, the provider will count only the value of the work actually performed by the DBE toward the DBE goals. In a construction contract (and other similar contracts), this will include the work performed by the DBE's own forces and supplies purchased or equipment leased by the DBE as described below, especially (d) (but not supplies or equipment the DBE subcontractor purchases from the prime contractor or its affiliate.) The Respondent will count the entire amount of fees or commissions charged by a DBE for providing a bona fide service toward goals provided that we determine the fees to be reasonable and not excessive. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is itself a DBE.
- k. When a DBE performs as a participant in a joint venture, the Respondent will count a portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces toward DBE goals.
- l. The Respondent will count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract. A DBE performs a commercially useful function when it is responsible for execution of the work of the contract or subcontract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a DBE is performing a commercially useful function, the Respondent will evaluate industry practices, the amount of work subcontracted, whether the amount the firm is to be paid under the contract is commensurate with work it is actually performing, and the DBE credit claimed for its performance of the work, and other relevant factors. The Respondent will determine questions of commercially useful function with regard to trucking companies under 49 CFR Part 26.55 (d).
- m. The Respondent will count expenditures with the DBE for materials or supplies toward DBE goal in the manner described in 49 CFR Part 26.55 (e). Please review Part 26.55(e) carefully. It is important to note that the rule counts expenditures differently based upon whether the DBE is a manufacturer as defined by the rule (normally counted at 100% percent of the cost), a regular dealer as defined by the rule (normally counted at 60% of the cost) or neither of the two (normally counted at the entire amount of fees or commissions, or fees or transportation charges, provided they are reasonable). It is important to note that materials and supplies provided by a DBE that is not a regular dealer in those materials and supplies do not count toward meeting the goal. For example, if the DBE is a regular dealer of piping, the DBE cannot purchase office equipment and then supply that office equipment to the prime and count any portion of the cost of the office equipment toward meeting the goal. Such conduct for DBE counting purposes is prohibited by the rules and is considered to be an impermissible and illegal pass-through.

- n. If a firm is not currently certified as a DBE, in accordance with the standards of subpart D of this part, at the time of the execution of the contract, the Respondent will not count the Firm's participation toward any DBE goals, except as provided for in 49 CFR Part 26.87(i).
- o. The Respondent will not count the dollar value of work performed under a contract with a firm after it has ceased to be certified toward any goals except as provided in 49 CFR Part 26.87(j).
- p. The Respondent will not count the participation of a DBE subcontractor toward a contractor's final compliance with its DBE obligations on a contract until the amount being counted has actually been paid to the DBE.

6.10 Sanctions for Non-Compliance

In case of the Respondent's non-compliance with DBE and/or BDDP requirements as applicable, including, but not limited to, documentation, cooperation, and truthfulness, the Authority shall impose such Contract sanctions as it may determine to be appropriate. This may include but is not limited to:

- q. Withholding of payments to the Respondent under the Contract until the Respondent complies; and/or
- r. Cancellation, termination, or suspension of the Contract, in whole or in part; and/or
- s. Payment by the Respondent to the Authority of an amount equal to the difference in the DBE dollar value contracted for and the dollar value achieved in documented DBE participation or any lesser amount or penalty as deemed appropriate by the Authority, which dollar value shall be considered liquidated damages for failure to perform the requirements of the Contract and for which Respondent and all of its subcontractors agree to be bound.

6.11 Prompt Payment / Retainage

The successful Respondent agrees to pay each subcontractor under this prime contract for invoices submitted or normal progress payments for work completed satisfactorily or supplies provided satisfactorily pursuant to its contract and no later than fifteen (15) days from the receipt of each payment it receives from the Authority.

There is no retainage or other sums allowed to be withheld from progress payments or any other payments, and any exceptions to this prompt pay/retainage provision must be requested in writing by the successful Respondent and approved in writing by an Authority Vice-President or higher, prior to the delay or withholding of any payments under this provision.

The successful Respondent will include the following paragraphs in all contracts and/or agreements related to the work under the Contract with subcontractors or suppliers and will require all its subcontractors and suppliers to include the following paragraphs in any contracts and/or agreements related to the work under the Contract with any other third parties and any other lower tier subcontractors or suppliers:

“It is understood and agreed by all involved parties that payment for work completed satisfactorily or supplies provided satisfactorily will be made to the appropriate party no later than fifteen (15) days from receipt of payment for that work or those supplies.

There is no retainage or other sums allowed to be withheld from progress payments or any other payments and any exceptions to this prompt pay/retainage provision must be requested in writing to the Authority and approved in writing by an Authority Vice-President or higher prior to the delay or withholding of any payments under this provision.”

6.12 49 CFR Part 26

Respondent agrees to provide all its subcontractors and suppliers and to require all its subcontractors and suppliers on this project to provide a complete copy of the **Disadvantaged Business Enterprise (DBE) Requirements** of the Contract to all those who provide supplies or work related to the Contract and to require all those providing supplies or work to be bound by these requirements as it relates to their work related to the Contract.

7 INSURANCE REQUIREMENTS

The successful Respondent shall submit evidence of required insurance on an original ACORD certificate or comparable insurance certificate form(s) acceptable to the Authority, with required endorsements attached, the earlier of: fifteen (15) working days following award notification or prior to the scheduled commencement of work. Failure to submit the required document(s) may result in rescinding the award. The Contract may thereafter be awarded to the next qualified Respondent. A certificate of insurance is not required at the time of the response; however, an approved insurance certificate and amendatory endorsements are required to be on file prior to the start of the work. In addition, a copy of the policy or policies shall be provided by the successful Respondent upon request.

The insurance requirements are established in Exhibit C.

Failure of the successful Respondent to execute the Contract within thirty (30) days after receiving the Contract document and furnish acceptable surety bonds and proof of required insurance prior to the Contract execution shall be just cause for cancellation of the award and forfeiture of the Proposal Bond, not as a penalty, but as liquidation of damages to the Authority.

Certified or cashier’s checks will **NOT** be accepted in lieu of a proposal bond.

Proposal Bonds provided to the Authority in connection with the RFP shall be duly issued by an insurer or corporate surety on a bond form provided by the Authority in Section 14.2, or on a form substantially the same as the Authority’s form, and which obligates the surety for at least one hundred twenty (120) days following the date on which responses to this RFP are publicly opened; and that is authorized to conduct insurance business in the State of Tennessee.

16 SAMPLE CONTRACT

CONTRACT 23-0002

FOR

PEST CONTROL SERVICES

BY AND BETWEEN

THE MEMPHIS-SHELBY COUNTY AIRPORT AUTHORITY

AND

[VENDOR NAME]

THIS CONTRACT, made and entered into this [day] day of [month], 2022, (the “Contract” or “Agreement”), by and between [VENDOR NAME] (“Company” or “Contractor”) and **Memphis-Shelby County Airport Authority**, a body politic and corporate organized and existing under and by virtue of the laws of the State of Tennessee, (“Authority” or “Sponsor” or “Owner”). The Authority and the Company may be referred to herein individually as a “Party” and collectively as the “Parties”.

WITNESSETH THAT:

For and in consideration of the mutual promises, covenants, and stipulations of each Party to the other, the Company agrees to provide the Authority with services on the terms and conditions set forth herein as follows:

1 PERFORMANCE

Company shall provide Pest Control Services (“Services”) to the Authority in accordance with the Scope of Services (“Scope of Services”), which is attached hereto as Exhibit A and incorporated herein by reference. The Authority and the Company agree that from time to time it may be necessary to add to, delete from, or amend the Scope of Services in order to better meet the needs of the Authority, as determined by the Authority in its sole discretion. In such event, the Parties shall, in writing, amend this Contract if the Parties reach an agreement on modifications of the Scope of Services and Compensation, which is defined in the “Compensation” section below.

2 COMPENSATION

For satisfactory performance, the Authority agrees to pay the Company in accordance with the Schedule of Compensation (“Compensation”) which is attached hereto as Exhibit B and incorporated herein by reference. The Authority agrees to remit payment to Company within thirty (30) days of receipt of a properly submitted and approved invoice with a complete itemization of the charges, including any and all supporting documentation. However, if Company has an outstanding debt with the Authority for any fees or expenses

related to this Contract, and the debt is over thirty (30) days past due, the Authority reserves the right to deduct the amount owed from the Company's submitted invoice.

3 TERM AND RENEWAL

The initial term of this Contract shall be for a period of one (1) year commencing on the start date of the Contract (Contract Term). The Authority, in its sole discretion, reserves the option to extend the Contract Term for four (4) additional periods of one (1) year each (Renewal Terms) by giving written notice to the Company at least ninety (90) days before the expiration of the Contract Term or any Renewal Term. At the sole option of the Authority, the Contract may be extended beyond the four (4) Renewal Terms. The Contract shall be amended to reflect any negotiated and agreed upon Compensation for any such extension of this Contract.

Any violation or breach of the terms of this Contract on the part of the Company or their subcontractors may result in the termination of this Contract or such other action that may be necessary to enforce the rights of the Parties to this Contract. The duties and obligations imposed by the Contract Documents, as defined in the "Contract Documents" section below, and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

4 TERMINATION OF CONTRACT

The Authority may, at any time upon thirty (30) days written notice, terminate this Contract in whole or in part at any time, either for the Authority's convenience or because of failure by Company to fulfill the Contract obligations. Upon receipt of such notice, services shall be discontinued on the effective date of termination (unless the notice directs otherwise) and all materials as may have been accumulated in performing this Contract, whether completed or in progress, delivered to the Authority.

If the Authority terminates this Contract, the Authority shall be liable under the payment provisions of this Contract only for payment for services rendered and expenses incurred before the effective date of termination.

Company may terminate this Contract upon thirty (30) days written notice to Authority if Authority is in material breach of this Contract and fails to cure the breach before the end of the thirty (30) day notice period.

If, after notice of termination for failure to fulfill contract obligations, it is determined that the Company had not so failed, the termination shall be deemed to have been affected for the convenience of the Authority.

The rights and remedies of the Authority provided in this clause are in addition to any other rights and remedies provided by law or under this Contract.

5 UPON TERMINATION

If this Contract is terminated prior to Company's completion of the services to be performed hereunder, then all finished or unfinished documents or other materials prepared or obtained by Company pursuant to this Contract shall become the Authority's property to the extent allowable by law and accounting standards. If this Contract is terminated prior to Company's completion of the services to be performed hereunder,

Company shall return to Authority any sums paid in advance by Authority for services that would otherwise have had to be rendered between the effective date of termination and the original ending date of the Contract. Company shall prepare an accounting of the services performed and money spent by Company up to the effective date of termination and shall return to Authority any remaining sums within thirty (30) days of such date.

6 DEFAULTS AND REMEDIES

6.1 DEFAULTS

Company shall be in default of this Contract upon the occurrence of any of the following events:

- a. If Company fails to comply with any of the provisions required of Company under this Contract, and such failure continues for a period of twenty-four (24) hours after written notice thereof is given to Company by the Authority; or
- b. If, by operation of law or otherwise, the right, title, or interest of Company in this Contract is transferred to, passes to, or devolves upon any other person, firm, or corporation without prior written consent of the Authority; or
- c. Upon the levy of any attachment or execution of any process of a court of competent jurisdiction which does or will interfere with Company's performance under this Contract, and which attachment, execution, or other process of such court is not enjoined, vacated, dismissed, or set aside within a period of thirty (30) days; or
- d. Upon the suspension, revocation, or termination of any power, license, permit, or authority that has the effect of preventing Company from performing under this Contract.

6.2 REMEDIES

Upon the occurrence of any one or more of the events as set forth above, or upon any other default or breach of this Contract by Company, the Authority may, at the Authority's sole option, exercise concurrently or successively, any one or more of the following rights and remedies without waiving such default or breach:

- a. Interplead funds to a court or pay any sum required to be paid by Company to parties other than the Authority, and which Company has incurred in connection with this Contract and failed to pay. Any amount so paid in good faith by the Authority, together with interest thereon at the maximum rate provided by law from the date of such payment, and all expenses connected therewith shall be repaid by Company to the Authority on demand; or
- b. Enjoin any breach or threatened breach by Company of any covenants, sections, terms, provisions, or conditions hereof; or
- c. Bring suit for the performance of any covenant devolving upon Company for performance or damage thereof, all without terminating this Contract; or

- d. Terminate this Contract upon ten (10) days written notice to Company, specifying date of termination and upon payment of all fees and expenses incurred prior to termination.

7 RIGHTS AND REMEDIES CUMULATIVE AND NOT EXCLUSIVE

All rights and remedies granted to Authority herein and any other rights and remedies which Authority may have at law and in equity are hereby declared to be cumulative and not exclusive, and the fact that Authority may have exercised any remedy without terminating this Contract shall not impair Authority's rights thereafter to terminate or to exercise any other remedy herein granted or to which Authority may be otherwise entitled.

8 RECOVERY OF FEES AND EXPENSES

In the event of any claim or other matter in question between the Authority and Company arising out of, or relating to, this Contract or the breach thereof and in addition to any other remedies or recoveries provided herein, the Company shall be liable for and shall promptly reimburse the Authority for any cost or expense incurred by the Authority, including fees and expenses of its attorneys, consultants, and experts, as a result of (i) Company's failure to perform in accordance with the terms of this Contract; (ii) breach of the warranties and guaranties set forth in this Contract; or (iii) any successful action taken by the Authority to enforce the terms of this Contract.

9 WAIVER

Waiver by the Authority of any term, covenant, or condition hereof shall not operate as a waiver of any subsequent breach of the same or of any other term, covenant, or condition. No term, covenant, or condition of this Contract can be waived except by written consent of Authority, and forbearance or indulgence by Authority in any regard whatsoever shall not constitute a waiver of same to be performed by Company to which the same may apply and, until complete performance by Company of the term, covenant, or condition, Authority shall be entitled to invoke any remedy available to it under this Contract or by law despite any such forbearance or indulgence.

10 FORCE MAJEURE

Neither Party shall be liable for any failure or delay in performance under this Contract (other than for delay in the payment of money due and payable hereunder) to the extent said failures or delays are proximately caused (i) by causes beyond that Party's reasonable control and (ii) occurring without its fault or negligence, including, without limitation, failure of suppliers, subcontractors, and carriers, or Party to substantially meet its performance obligations under this Contract, provided that, as a condition to the claim of non-liability, the Party experiencing the difficulty shall give the other prompt written notice, with full details following the occurrence of the cause relied upon. Dates by which performance obligations are scheduled to be met will be extended for a period of time equal to the time lost due to any delay so caused; however, such delays shall not be grounds for an adjustment in Compensation.

11 ASSIGNMENT

The Company shall not assign the Contract or any part hereof or any monies due or to become due hereunder without the prior written approval of the Authority.

12 SUCCESSORS AND ASSIGNS

The Authority and the Company each binds itself and its partners, successors, executors, administrators and assigns, to the other Party of this Contract and to the partners, successors, executors, administrators, and assigns of such other Party with respect to all covenants, terms, provisions, and conditions of this Contract. Neither the Authority nor the Company shall assign, sublet, or transfer its interest in this Contract without the prior written consent of the other; provided, however, that claims for money due, or to become due the Company from the Authority under this Contract may be assigned to a bank, trust company, or other financial institution, or to a Trustee in Bankruptcy, without such approval. Notice of such assignment or transfer shall be furnished promptly in writing to the Authority. Except as provided for above, if Company should subcontract, assign, or transfer any part of Company's interests or obligations under this Contract without the prior written approval of Authority, it shall constitute a material breach of this Contract.

13 INDEPENDENT COMPANY

Company is an independent contractor with respect to all services performed under this Contract. Company accepts full and exclusive liability for the payment of any and all premiums, contributions, or taxes for workers' compensation, Social Security, unemployment benefits, or other employee benefits now or hereinafter imposed under any state or federal law which are measured by the wages, salaries, or other remuneration paid to persons employed by Company on work performed under the terms of this Contract. Company shall defend, indemnify, save, and hold harmless the Authority from any claims or liability for such contributions, benefits or taxes. Nothing contained in this Contract, nor any act of the Authority or Company, shall be deemed or construed to create any third-party beneficiary or principal and agent association or relationship with the Authority. The Company is not the Authority's agent, and the Company has no authority, express, apparent or otherwise, to take any action or execute any documents on behalf of the Authority.

14 NO FINANCIAL INTEREST

Company understands and agrees that no Authority employee or member of the Board of Commissioners of the Authority, Memphis City Council, or Shelby County Board of Commissioners shall receive any financial benefit arising out of this Contract, either directly or indirectly. Further, any fees paid to any person or entity by the Company for assistance in obtaining this Contract with the Authority have been fully disclosed to the Authority in Company's Response, as defined in the "Incorporation of Company's Response" section below, and supplemented in writing as necessary throughout this process.

15 INDEMNIFICATION

- a. Company shall defend, indemnify, and hold harmless the Authority and its commissioners, officers, agents and employees, from and against all claims, damages, demands, liability, losses, acts of God, costs, fines, and expenses of any nature whatsoever, including reasonable attorneys' fees, arising out of or resulting from any negligent acts or omissions in connection with Company's performance of this Contract, to the extent caused in whole or in part by Company or its employees, officers, agents, or subcontractors, or caused by others for whom Company is liable except to the extent of intentional misconduct of the Authority. The indemnity set forth in this Section shall survive the expiration or earlier termination of this Contract.

- b. When the Company is obligated to provide the Authority a defense hereunder, it shall do so with qualified counsel that is selected by the Company and approved by the Authority. Such approval shall not be unreasonably withheld. In light of the Authority and the Company's continuing relationship, however, the potential for conflicts of interests exists if the same counsel represents both the Authority and the Company when the Company accepts the Authority's tender of defense under the indemnity provision of this Agreement. Therefore, the Authority retains the right to select its own counsel from a list of qualified attorneys provided by the Company or the Company's insurer. The selected counsel's fees and expenses shall be paid for by the Company or its insurer, and the counsel shall be different from that selected by the Company to represent it in the same matter.

16 LAWS, PERMITS AND LICENSES

Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

- (2) Assessing sanctions; and/or
- (3) Disqualifying the contractor from future bidding as non-responsible.

Any delay or postponement of payment from the above referenced time frame may occur only for good cause following written approval of the Authority. This clause applies to both DBE and non-DBE subcontractors. There is no retainage or other sums allowed to be withheld from progress payments or any other payments and any exceptions to this prompt pay/retainage provision must be requested in writing by the successful Respondent and approved in writing by an Authority Vice-President or higher prior to the delay or withholding of any payments under this provision.

This waiver shall also apply to all deductibles, retentions or self-insured layers applicable to the required or any other insurance, except professional liability to which this requirement does not apply, maintained by the Company. If necessary, the Company agrees to secure endorsements to the required insurance policies to permit waivers of subrogation in favor of the Authority as required hereunder. The Company further agrees to hold harmless and indemnify the Authority for any loss or expense incurred as a result of the Company's failure to obtain such waivers of subrogation from the Company's insurers.

C.3.5 NOTICE OF CANCELLATION

Should the Company cancel, fail to renew or make changes to any insurance policy required herein, and/or receive advance written notice from the insurer prior to the cancellation, termination, revocation of or any adverse material change to any insurance coverage required hereunder, the Company shall immediately notify the Authority in writing of same. If any of the insurance is cancelled, the Company shall cease operations until such insurance can be provided.

C.3.6 ACCEPTABILITY OF INSURERS

Insurance is to be placed with insurers authorized to do business in the State of Tennessee having an A- or better rating and a Financial Size Category of "Class VII" or higher according to the most current edition of Best's Key Rating Guide.

C.3.7 VERIFICATION OF COVERAGE

The Company shall furnish the Authority with a certificate of insurance evidencing the required coverage prior to the commencement of work or operations. The Company agrees to submit an insurance certificate(s) such that the Authority has a certificate evidencing current required coverage at all times. The certificates are to be signed by a person authorized by the insurer(s) to bind coverage on Company's behalf. **Copies of endorsements providing coverage for additional insureds, primary, non-contributory coverage, permitting waiver of subrogation, and earlier notice of cancellation shall also be provided to the Authority.** Renewal certificates shall also be provided to the Authority prior to the expiration of the required insurance policies.

If required by the Authority's legal counsel, the Company agrees to provide true and certified copies of the required insurance policies within fifteen (15) days of receipt of written request from the Authority. In the event renewal policies have not been issued by insurer(s), the Company agrees to provide complete copies of insurance binders issued to evidence coverage required by this Contract until such time as the actual policies are received from insurer(s).

Failure of the Authority to request such certificates or other evidence of Company's compliance with insurance requirements, or failure of the Authority to identify deficiencies from evidence that is provided, shall in no way limit or relieve Company of its obligations to maintain such insurance.

C.3.8 SUBCONTRACTORS

The Company shall require their contractors and subcontractors to maintain same insurance coverage and minimum limits as is herein required of the Company, as well as provide proof of subcontractors' insurance coverage to the Authority.

C.3.9 LEASED EMPLOYEES

c.3.10 NO REPRESENTATION OF COVERAGE ADEQUACY

In specifying minimum Company insurance requirements, the Authority does not represent that such insurance is adequate to protect Company for loss, damage or liability arising from its work. Company agrees that it is Company's responsibility to identify its own risks and protect itself accordingly and understands that the Authority accepts no liability for any such uninsured risks howsoever arising.

The insurance requirements set forth in minimum amounts shall not be construed to relieve Company for liability in excess of such coverage, nor shall it preclude the Authority from taking such other actions as is available to it under any other provision of the Contract. Any acceptance of certificates of insurance by the Authority shall in no way limit or relieve Company of its duties and responsibilities under the Contract, including the duty to indemnify and hold harmless the Authority.
