MSCAA PROJECT 19-1423-29-02
Terminal A Ticket Counter Replacement - Electrical/Data- Construction**

1.	What would be the process to get Datacomm on MSCAA's approved vendor list.
	This is no longer requirement for specific Data/Communication vendors for construction projects.
2.	Is there a wage determination for this project?
	No, this is not a Federal Funded project.
3.	Our Company is a certified SDVOSB through Tennessee, does this qualify us to bid as a SBPP?
	No, this does not count. They must be verified by MSCAA.
4.	What is the IT Allowance going to be used for?
	The IT Allowance was established to cover any unknowns and/or additional owner IT requests not shown in the contract documents. All scope/work items shown in the contract documents should be included in the contractor's bid pricing. This Addendum No. 1 increased the allowance pricing to \$15,000.
