Dear Respondent,

The Memphis-Shelby County Airport Authority (MSCAA) is seeking a qualified Respondent to provide construction of Runway Status Lights for Runway 9/27. This Request for Proposals (RFP) is under the direction of Development Divisions.

The Development Division is responsible for coordinating all communications between the Authority and Respondents. The RFP limits the manner, method, and type of communications that the Authority and Respondents may have once an RFP process is initiated to ensure that the process is fair and impartial. Please review the RFP carefully and abide by all required deadlines, dates, and terms.

All Respondents are hereby notified that all updates, addenda and additional information, if any, shall be posted to the Authority website www.flymemphis.com, and Respondents are responsible for checking the Authority website up to the time of the RFP submission deadline.

The Authority reserves the right to reject any or all responses to this RFP in whole or in part; to waive any informalities, technicalities, or omissions therein; and/or to cancel this process at any time. The Authority also reserves the right to reject any response when a parent, subsidiary, affiliate, or predecessor in interest of the Respondent has pending litigation or claims with the Authority, or if any response includes a proposed subcontractor or supplier that has pending litigation or claims with the Authority, if the Authority determines, in its sole discretion, such litigation or claims may adversely affect the ability of the parties to work efficiently and effectively under this RFP, or for any other reason as determined by the Authority. Any such responses will be returned to the Respondent. All Respondents must use forms provided by the Authority.

No Respondent may withdraw an opened Response without the Authority's consent.

1 BACKGROUND

The Authority owns and operates Memphis International Airport (MEM), Charles Baker Airport and General DeWitt Spain Airport. Memphis International Airport is located in Shelby County about 13 miles southeast of downtown Memphis. Memphis International Airport is the principal air carrier airport serving west Tennessee, north Mississippi, southeast Missouri, and east Arkansas. Memphis International Airport is also the principal hub for FedEx, making MEM the world's second busiest cargo airport and the single largest economic engine in the Mid-South.

The Airport is primarily an origin and destination (O&D) airport. MEM served a record 4.9 million O&D passengers in 2024.

The Airport is located on 4,640 acres of land in the County and includes a terminal complex of approximately one million square feet, and four other buildings containing approximately 100,000 square feet, which are used by air carriers and all-cargo carriers as transfer facilities for cargo.
